Beyond Justice Rebecca Wittmann, 2012-03-05 In 1963 West Germany was gripped by a dramatic trial of former guards who had worked at Auschwitz It was the country's largest most public trial and attracted international attention Using pretrial files and extensive trial audiotapes Wittmann offers a fascinating reinterpretation of Germany's first major attempt to confront its past

Beyond Justice Rebecca Wittmann, 2012-03-05 In 1963 West Germany was gripped by a dramatic trial of former guards who had worked at the Nazi death camp Auschwitz It was the largest and most public trial to take place in the country and attracted international attention Using the pretrial files and extensive trial audiotapes Rebecca Wittmann offers a fascinating reinterpretation of Germany's first major attempt to confront its past Evoking the courtroom atmosphere Wittmann vividly recounts the testimony of survivors former SS officers and defendants a cross section of the camp population Attorney General Fritz Bauer made an extraordinary effort to put the entire Auschwitz complex on trial but constrained by West German murder laws the prosecution had to resort to standards for illegal behavior that echoed the laws of the Third Reich This provided a legitimacy to the Nazi state Only those who exceeded direct orders were convicted of murder This shocking ruling was reflected in the press coverage which focused on only the most sadistic and brutal crimes allowing the real atrocity at Auschwitz mass murder in the gas chambers to be relegated to the background The Auschwitz trial had a paradoxical result Although the prosecution succeeded in exposing SS crimes at the camp for the first time the public absorbed a distorted representation of the criminality of the camp system The Auschwitz trial ensured that rather than coming to terms with their Nazi past Germans managed to delay a true reckoning with the horror of the Holocaust

Justice as Message Carsten Stahn, 2020 This work is the first to examine the expressive and communicative functions of law in a comprehensive way in the field of atrocity crime It shows that expression and communication are not only inherent parts of the punitive functions of international criminal justice but are represented in a whole spectrum of practices

Narrating Transitional Justice Paul Ugor, Bonny Ibhawoh, 2025-12-16 In truth and reconciliation settings particular narratives are recounted by victims perpetrators witnesses and legal experts each employing distinct rhetorical strategies Their testimonies reported by the media and represented in various cultural forms profoundly influence public understanding and collective memory in post conflict societies Authored by an interdisciplinary team of international scholars across the humanities and social sciences policymakers and cultural producers *Narrating Transitional Justice* examines truth and reconciliation commissions as acts of public storytelling Contributors elaborate on how these testimonies function as creative grist for cultural producers to reconstruct redefine and reappraise transitional justice work They further examine the inimitable insights that creative imaginaries in the form of literature theatre film fine art popular music street art and online media offer about the remaking of nations fractured by long histories of human rights violations Critically reflecting on debates around the centrality of storytelling in transitional justice processes *Narrating Transitional Justice* asks What are the

discourses embedded in the varied stories of reconciliation actors and how do these function as acts of state making after atrocity

The Emergence of Historical Forensic Expertise Vladimir Petrović, 2016-10-26 This book scrutinizes the emergence of historians participating as expert witnesses in historical forensic contribution in some of the most important national and international legal ventures of the last century It aims to advance the debate from discussions on whether historians should testify or not toward nuanced understanding of the history of the practice and making the best out of its performance in the future

Justice Framed Marcos Zunino, 2019-03-14 A new perspective on the history of transitional justice and why the discourse prioritises particular responses to human rights violations

Prosecuting the Powerful: War Crimes and the Battle for Justice Steve Crawshaw, 2025-02-06 LONGLISTED FOR THE 2025 MOORE PRIZE IN HUMAN RIGHTS WRITING In this powerful book Steve Crawshaw who has devoted his career to the pursuit of international justice eloquently confronts one of the toughest dilemmas of the moment how to hold war criminals to account Anne Applebaum author of *Autocracy Inc* Prosecuting The Powerful isn't just compelling and very moving it has all the force of a well crafted thriller I literally couldn't stop reading it John Simpson BBC World Affairs Editor A compelling account of a revolutionary moment in history Philippe Sands *The Spectator* Powerful timely and moving Baroness Helena Kennedy KC A tour de force Lindsey Hilsum *International Editor Channel 4 News* Absolutely brilliant Nick Cohen *Guardian* Book of the Day Could we ever see Vladimir Putin in the dock for his crimes What about a Western ally like Benjamin Netanyahu Putting a country's leader on trial once seemed unimaginable But as Steve Crawshaw describes in *Prosecuting the Powerful* a blend of powerful eyewitness reporting and gripping history the possibilities of justice have been transformed Crawshaw includes recent stories from the front lines of justice in Ukraine Israel Palestine and at The Hague as well as his earlier encounters with war criminals like Slobodan Milošević He tells the stories of those who have demanded protection for civilians and accountability for war criminals from the Swiss businessman who is the reason why we have the Geneva Conventions today and the prosecutors at Nuremberg to the Syrian police photographer who helped put one of Bashar al Assad's torturers behind bars He also follows the extraordinary unfolding story of two of the world's most powerful and well connected leaders currently under indictment at the International Criminal Court in The Hague From Gaza to Bucha and beyond survivors seek justice for the crimes committed against them But for that to happen governments must finally abandon their double standards and have the courage to support prosecutions of those who commit atrocities whether opponents or allies For all the current darkness this is a historic opportunity The scales of justice can and must be balanced Now is the moment

German Angst Frank Biess, 2020-09-09 *German Angst* analyses the relationship between fear and democracy in postwar West Germany While fear and anxiety have historically been associated with authoritarian regimes Frank Biess demonstrates the ambivalent role of these emotions in a democratizing society in West Germany fear and anxiety both undermined democracy and stabilized it By taking seriously postwar Germans' uncertainties about the future this study challenges dominant linear and

teleological narratives of postwar West German success highlighting the prospective function of memories of war National Socialism and the Holocaust Postwar Germans projected fears and anxieties that they derived from memories of a catastrophic past into the future Based on case studies from the 1940s to the present German Angst provides a new interpretive synthesis of the Federal Republic It tells the history of the Federal Republic as a series of cyclical crises in which specific fears and anxieties emerged served a variety of political functions and then again abated Drawing on recent interdisciplinary insights generated by the field of emotion studies Biess's study transcends the dichotomy of reason and emotion Fear and anxiety were not exclusively irrational and dysfunctional but served important roles in postwar democracy These emotions sensitized postwar Germans to the dangers of an authoritarian transformation and they also served as emotional engines of new social movements including the environmental and peace movements German Angst also provides an original analysis of the emotional basis of right wing populism in Germany today and it explores the possibilities of a democratic politics of emotion

Defeating Impunity Ornella Rovetta, Pieter Lagrou, 2021-11-01 Over the course of the long and violent twentieth century only a minority of international crime perpetrators ever stood trial and a central challenge of this era was the effort to ensure that not all these crimes remained unpunished This required not only establishing a legal record but also courage determination and inventiveness in realizing justice Defeating Impunity moves from the little known trials of the 1920s to the Yugoslavia tribunal in the 2000s from Belgium in 1914 to Ukraine in 1943 and to Stuttgart and Dusseldorf in 1975 It illustrates the extent to which the language of law drew an international horizon of justice

Lessons and Legacies XIV Tim Cole, Simone Gigliotti, 2020-10-15 The Holocaust in the Twenty First Century Relevance and Challenges in the Digital Age challenges a number of key themes in Holocaust studies with new research Essays in the section Tropes Reconsidered reevaluate foundational concepts such as Primo Levi's gray zone and idea of the muselmann The chapters in Survival Strategies and Obstructions use digital methodologies to examine mobility and space and their relationship to hiding resistance and emigration Contributors to the final section Digital Methods Digital Memory offer critical reflections on the utility of digital methods in scholarly pedagogic and public engagement with the Holocaust Although the chapters differ markedly in their embrace or eschewal of digital methods they share several themes a preoccupation with the experiences of persecution escape and resistance at different scales individual group and systemic methodological innovation through the adoption and tracking of micro and mezzohistories of movement and displacement varied approaches to the practice of Saul Friedlander's integrated history the mainstreaming of oral history and the robust application of micro and macrolevel approaches to the geographies of the Holocaust Taken together these chapters incorporate gender analysis spatial thinking and victim agency into Holocaust studies In so doing they move beyond existing notions of perpetrators victims and bystanders to portray the Holocaust as a complex and multilayered event
