Cultivating Democratic Literacy Through the Arts Pamela Hartman,Jeff Spanke,2024-03-01 This edited book includes chapters written by English Language Arts ELA teacher educators and practicing secondary teachers who examine their

classroom experiences through an arts based habit of mind Rather than focusing exclusively on artistic approaches to ELA instruction these chapters collectively frame the teaching of English Language Arts as an art in itself As such the arts informed habits of mind discussed in this book refer more to sets of artistic dispositions than pedagogical methods In their unique ways each of these chapters argue that aesthetically charged ways of thinking allow preservice and practicing teachers to develop critical and creative thinking skills and purposely communicate to recognize that individual beliefs and values are influenced by personal and social factors and to set goals for their own learning as well as the learning of their future students learning

Growing Up in the Gutter Ricardo Quintana-Vallejo, 2024-05-28 *Growing Up in the Gutter* offers new understandings of contemporary graphic coming of age narratives by looking at the genre s growth in stories by and for young BIPOC LGBTQ and diasporic readers Through a careful examination of the genre Ricardo Quintana Vallejo analyzes the complex identity formation of first and subsequent generation migrant protagonists in globalized rural and urban environments and dissects the implications that these diasporic formative processes have for a growing and popular genre While the most traditional iteration of the bildungsroman the coming of age story follows middle class male heroes who forge their identities in a process of complex introspection contemporary graphic coming of age narratives represent formative processes that fit into resist or even disregard narratives of socialization under capitalism of citizenship and of nationhood Quintana Vallejo delves

into several important themes how the coming of age genre can be used to study adulthood how displacement and international or global heritage are fundamental experiences how multidiasporic approaches foreground lived experiences and how queerness opens narratives of development to the study of adulthood as fundamentally diverse and nonconforming to social norms Quintana Vallejo shows how openness enables belonging among chosen families and perhaps most importantly freedom to disidentify And finally how contemporary authors writing for the instruction of BIPOC children and children otherwise affected by diaspora and displacement use the didactic power of the coming of age genre combined with the hybrid language of graphic narratives to teach difficult topics in accessible ways The Mystery of the Broken Idol
