Bottom Line Callaghan Brothers 8:

Maiden in Manhattan Abbie Zanders, 2014-09-23 How far would you go to find your soul mate Little did Scottish peasant girl Isobelle Aislinn McKenna know that when she prayed for divine intervention in 1414 that her desperate plea would be answered by throwing her six hundred years into the future right into the path of a bus in the heart of one of the busiest cities on the East Coast Thankfully Nick Peterson was there to tackle her out of its path He s not happy about it but both his conscience and his protective instincts kick in in a big way when he realizes Isobelle has nowhere else to go But how is he going to explain her to his girlfriend

Bottom Line Abbie Zanders, 2015-05-27 Control Aidan Harrison likes it Needs it As CEO of the hugely successful Celtic Goddess franchise he wields it as skillfully in the boardroom as he does the bedroom It s made him millions and put him at the top of his game He wants for nothing Except a woman who is more interested in him than his bottom line As a close friend of the Callaghan family he s witnessed the croie phenomena seven times over in as many years Dare he hope that by shedding his public persona he might find a soul mate of his own A woman capable of taking his inner beast and leaving his wealth power and prestige Everything about Mary O Rourke is average Brown hair brown eyes average height and weight There is absolutely nothing remarkable about her except her compassion She has spent her entire life taking care of others her father her husband her man crazy mother She wishes that just once someone would take care of her When a gorgeous stranger suddenly appears New Year s Eve she s not sure what to think He s a walking contradiction Aidan does things to her no man has ever done and she likes it But can she trust him with her heart

Country Music Dayton Duncan, Ken Burns, 2019-09-10 A gorgeously illustrated and hugely entertaining story of America s most popular music and the singers and songwriters who captivated entertained and consoled listeners throughout the twentieth century based on the eight part film series This fascinating history begins where country music itself emerged the American South where people sang to themselves and to their families at home and in church and where they danced to fiddle tunes on Saturday nights With the birth of radio in the 1920s the songs moved from small towns mountain hollers and the wide open West to become the music of an entire nation a diverse range of sounds and styles from honky tonk to gospel to bluegrass to rockabilly leading up through the decades to the music s massive commercial success today But above all Country Music is the story of the musicians Here is Hank Williams s tragic honky tonk life Dolly Parton rising to fame from a dirt poor childhood and Loretta Lynn turning her experiences into songs that spoke to women everywhere Here too are interviews with the genre s biggest stars including the likes of Merle Haggard to Garth Brooks to Rosanne Cash Rife with rare photographs and endlessly fascinating anecdotes the stories in this sweeping yet intimate history will captivate longtime country fans and introduce new listeners to an extraordinary body of music that lies at the very center of the American experience
