history of the past hundred years of motoring expert Jon Pressnell explores the main developments such as the introduction and refinement of the driving test the improvement of roads and the impact of the motorway and how affordable cars such as the Mini have helped democratise driving The evolution of the car itself is also explored from the coachbuilt custom made cars of the 1910s through to the more attainable mass produced models of the inter war years and finally to today s complex and sometimes hybrid powered vehicles **The Motor Weekly ...** ,1921 **The Motor Car Journal** ,1907
