chronological overview of Chatwin's literary career from his first ultimately aborted work *The Nomadic Alternative* here discussed in detail for the first time through to his final novel *Utz*. In subjecting his work to such analysis the study uncovers a striking thematic commonality in Chatwin's oeuvre: his work is fundamentally preoccupied with the subject of human restlessness. This volume provides detailed insight into Chatwin's treatment of the subject in his work, identifying and discussing the biographical and philosophical sources of this defining preoccupation.

Songlines Bruce Chatwin, 1988-06-07 For its twenty fifth anniversary a new edition of Bruce Chatwin's classic work with a new introduction by Rory Stewart. Part adventure, part novel of ideas, part spiritual autobiography. *The Songlines* is one of Bruce Chatwin's most famous books. Set in the desolate lands of the Australian Outback, it tells the story of Chatwin's search for the source and meaning of the ancient dreaming tracks of the Aborigines, the labyrinth of invisible pathways by which their ancestors sang the world into existence. This singular book, which was a New York Times bestseller when it was published in 1987, engages all of Chatwin's lifelong passions, including his obsession with travel, his interest in the nomadic way of life, and his hunger to understand man's origins and nature.
