National Guard 101 Mary Corbett, 2011-11-21 The first time I attended a National Guard family event in 1999 I felt like I had been abducted by aliens recalls Mary Corbett author of National Guard 101 A Handbook for Spouses I didn't understand anything I had never been in an armory before I didn't know the difference between an officer and an enlisted soldier I didn't even know how to address the commander or his wife Corbett decided to wing it rationalizing that since her husband was just a Guardsman she wasn't a real military wife After all military spouses lived on bases operated within a strict structure of rank and dealt with long deployments Thank goodness she didn't have to worry about those things Of course she could have never guessed and neither could anyone else that in less than two years four hijacked airliners would forever alter the purpose and public profile of National Guard soldiers and those who love them forever On September 11th 2001 Corbett became a military wife But as she realized later she had always been one Written in a lively and informal style National Guard 101 A Handbook for Spouses demystifies the Guard's

unique hybrid civilian military lifestyle It is a must read book for every National Guard family member Corbett s book covers a broad range of topics from the history of the National Guard and understanding rank to Guard social life and Family Programs Corbett also details the benefits and assistance resources available to Guard families and guides readers through the process of setting up a Personal Assistance League PAL to provide support during both short and long term deployments Ten years after National Guard 101 s original publication National Guard spouses are still holding down the fort In fact in 2020 more National Guard troops were activated than any time since World War II due to the COVID 19 pandemic wildfires and civil unrest Year after year the National Guard evolves to meet different threat environments What doesn t change is the vital role that family members play in supporting soldiers
