Apocalypse Stone:

The Apocalypse Stone Pete Earley, 2025-10-16 Judge not lest ye be judged These words have rarely if ever crossed the mind of Aberlencyn county judge Evan Spencer From a middle class background he graduated law school married into wealth and now has his eye on a Supreme Court seat All seemed to be going well for Judge Spencer until he received a package from an old college friend he hadn't heard from in years containing a cryptic note and a small stone But in trying to track down his old friend Spencer learns of the man's suicidal leap from the roof off a 20 story balcony Evan Spencer now has control of an object whose power is beyond anything he could possibly imagine an object whose very existence has been kept under wraps by the Vatican for decades Spencer has been given the Apocalypse Stone the actual stone Christ used when he stated He that is without sin among you let him cast the first stone Throughout history this stone has been passed along inflicting its possessor with stigmatic wounds and vivid visions of their sinful life Enlisting the help of Reverend Angelo Grasso a seventy two year old expert on the history of stigmatic cases Spencer must uncover the secrets behind this strange stone or watch his family career and possibly his life be destroyed At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Godfather Gene D. Phillips, 2014-04-23 This critical biography by the acclaimed film historian is certainly the definitive work on the director behind The Godfather and Apocalypse Now Publishers Weekly Gene Phillips blends biography studio history and film criticism to complete the most comprehensive work on Coppola ever written The force behind such popular and critically acclaimed films as Rumble Fish and the Godfather trilogy Coppola has imprinted his distinct style on each of his movies and on the landscape of American popular culture In Godfather Phillips argues that Coppola has repeatedly bucked the Hollywood factory system in an attempt to create distinct films that reflect his own artistic vision often to the detriment of his career and finances Phillips conducted interviews with the director and his colleagues and examined Coppola's production journals and screenplays Phillips also reviewed rare copies of Coppola's student films his early excursions into soft core pornography and his less celebrated productions such as One from the Heart and Tucker The Man and His Dream The result is the definitive assessment of one of Hollywood's most enduring and misunderstood mavericks

The Tree of Life Douglas Estes, 2020-03-17 The tree of life is an iconic visual symbol at the edge of religious thought over the last several millennia As a show of its significance the tree bookends the Christian canon yet scholarship has paid it minimal attention in the modern era In The Tree of Life a team of scholars explore the origin development meaning reception and theology of this consequential yet obscure symbol The fourteen essays trek from the origins of the tree in the texts and material culture of the ancient Near East to its notable roles in biblical literature to its expansion by early church fathers and Gnostics to its rebirth in medieval art and culture and to its place in modern theological thought

Fantasy and Belief Danielle Kirby, 2014-09-19 Religion and spirituality are being transformed in our late modern and secularising times New forms of belief proliferate often notable for not being limited to traditional systems

of reference or expression Increasingly these new religions present worldviews which draw directly upon popular culture or occulture in fiction film art and the internet Fantasy and Belief explores the context and implications of these types of beliefs through the example of the Otherkin community The Otherkin are a loosely affiliated group who believe themselves to be in some way more than just human their non humanity often rooted in the characters and narratives of popular fantasy and science fiction Challenging much current sociological thinking about spirituality and consumption Fantasy and Belief reveals how popular occulture operates to recycle develop and disseminate metaphysical ideas and how the popular and the sacred are combining in new ways in today s world

Abraham Among Golems Andrei A. Orlov,2024-10-01 In this insightful book Andrei A Orlov examines the symbolism of the image of God found in early Jewish pseudepigraphical accounts paying special attention to the cultic traditions in the Apocalypse of Abraham The study demonstrates that the Jewish pseudepigrapha transform various biblical characters including Enoch Abraham Jacob Moses and Aseneth into eschatological embodiments of the imago Dei The book argues that these cultic metamorphoses preserve memories of ancient Near Eastern and Egyptian rituals involving the vivification of cultic statues The Apocalypse of Abraham and other early Jewish pseudepigraphical accounts attempt to

polemically refashion the concept of cultic statues by envisioning their protagonists as divine representations in the form of the eschatological image of God **Remembering Eden** Peter Thacher Lanfer, 2012-09-06 In this book Peter Thacher Lanfer seeks to evaluate texts that expand and explicitly interpret the expulsion narrative of Adam and Eve in Genesis beyond the biblical canon *Climate Change from the Streets* Michael Méndez, 2020-01-07 An urgent and timely story of the contentious politics of incorporating environmental justice into global climate change policy Although the science of climate change is clear policy decisions about how to respond to its effects remain contentious Even when such decisions claim to be guided by objective knowledge they are made and implemented through political institutions and relationships and all the competing interests and power struggles that this implies Michael Méndez tells a timely story of people place and power in the context of climate change and inequality He explores the perspectives and influence low income people of color bring to their advocacy work on climate change In California activist groups have galvanized behind issues such as air pollution poverty alleviation and green jobs to advance equitable climate solutions at the local state and global levels Arguing that environmental protection and improving public health are inextricably linked Méndez contends that we must incorporate local knowledge culture and history into policymaking to fully address the global complexities of climate change and the real threats facing our local communities
