Autobiography And Other Writings The Other Voice In Early Modern Europe:

Autobiography and Other Writings Ana de San Bartolomé, 2008-11-15 Ana de San Bartolomé 1549-1626 a contemporary and close associate of St Teresa of Ávila typifies the curious blend of religious activism and spiritual forcefulness that characterized the first generation of Discalced or reformed Carmelites. Known for their austerity and ethics, their convents quickly spread throughout Spain and under Ana's guidance also to France and the Low Countries. Constantly embroiled in disputes with her male superiors, Ana quickly became the most vocal and visible of these mystical women and the most fearless of the guardians of the Carmelite Constitution, especially after Teresa's death. Her autobiography, clearly inseparable from her religious vocation, expresses the tensions and conflicts that often accompanied the lives of women whose relationship to the divine endowed them with an authority at odds with the temporary powers of church and state. Last translated into English in 1916, Ana's writings give modern readers fascinating insights into the nature of monastic life during the highly charged religious and political climate of late sixteenth and early seventeenth century Spain. **Women, Religion, and the Atlantic World (1600-1800)** William Andrews Clark Memorial Library, 2009-01-01 Through a thoughtful consideration of the complexity of the religious landscape of the Atlantic basin, the collection provides an enriching portrayal of the intriguing interplay between religion, gender, ethnicity, and authority in the early modern Atlantic world.

Autobiographical Writing by Early Modern Hispanic Women Elizabeth Teresa Howe, 2016-04-08 Women's life writing in general has too often been ignored, dismissed, or relegated to a separate category in those few studies of the genre that include it. The present work addresses these issues and offers a countervailing argument that focuses on the contributions of women writers to the study of autobiography in Spanish during the early modern period. There are indeed examples of autobiographical writing by women in Spain and its New World empire, evident as early as the fourteenth century *Memorias* penned by Doña Leonor López de Córdoba and continuing through the seventeenth century *Cartas* of Sor Juana Inés de la Cruz. What sets these accounts apart, the author shows, are the variety of forms adopted by each woman to tell her life and the circumstances in which she adapts her narrative to satisfy the presence of male critics, whether ecclesiastic or political, actual or imagined, who would dismiss or even alter her life story. Analyzing how each of these women viewed her life and conversely how their contemporaries, both male and female, received and sometimes edited her account, Howe reveals the tension in the texts between telling a life and telling a lie. A Woman Who Defends All the Persons of Her Sex Gabrielle

Suchon, 2010-05-15 During the oppressive reign of Louis XIV, Gabrielle Suchon (1632-1703) was the most forceful female voice in France advocating women's freedom and self-determination, access to knowledge, and assertion of authority. This volume collects Suchon's writing from two works, *Treatise on Ethics and Politics* (1693) and *On the Celibate Life Freely Chosen or Life without Commitments* (1700), and demonstrates her to be an original philosophical and moral thinker and writer. Suchon argues that both women and men have inherently similar intellectual, corporeal, and spiritual capacities which entitle them

equally to essentially human prerogatives and she displays her breadth of knowledge as she harnesses evidence from biblical classical patristic and contemporary secular sources to bolster her claim. Forgotten over the centuries these writings have been gaining increasing attention from feminist historians students of philosophy and scholars of seventeenth century French literature and culture. This translation from Domna C Stanton and Rebecca M Wilkin marks the first time these works will appear in English.

The Complete Poems Gaspara Stampa, 2010-10-15 Gaspara Stampa 1523-1554 is one of the finest female poets ever to write in Italian. Although she was lauded for her singing during her lifetime, her success and critical reputation as a poet emerged only after her verse was republished in the early eighteenth century. Her poetry runs the gamut of human emotion ranging from ecstasy over a consummated love affair to despair at its end. While these tormented works and their multiple male addressees have led to speculation that Stampa may have been one of Venice's famous courtesans, they can also be read as a rebuttal of typical assumptions about women's roles. Championed by Rainer Maria Rilke among others, she has more recently been celebrated by feminist scholars for her distinctive and original voice and her challenge to convention. The first complete translation of Stampa into English, this volume collects all of her passionate and lyrical verse. It is also the first modern critical edition of her poems and, in restoring the original sequence of the 1554 text, it allows readers the opportunity to encounter Stampa as she intended. Jane Tylus renders Stampa's verse in precise and graceful English translations, allowing a new generation of students and scholars of poetry, Renaissance literature and music history to rediscover this incipiently modern Italian poet.

The Routledge Research Companion to the Works of Sor Juana Inés de la Cruz Emilie L. Bergmann, Stacey Schlau, 2017-04-28 Called by her contemporaries the Tenth Muse, Sor Juana Inés de la Cruz 1648-1695 has continued to stir both popular and scholarly imaginations. While generations of Mexican schoolchildren have memorized her satirical verses, only since the 1970s has her writing received consistent scholarly attention focused on complexities of female authorship in the political, religious and intellectual context of colonial New Spain. This volume examines those areas of scholarship that illuminate her work, including her status as an iconic figure in Latin American and Baroque letters, popular culture in Mexico and the United States, and feminism. By addressing the multiple frameworks through which to read her work, this research guide serves as a useful resource for scholars and students of the Baroque in Europe and Latin America, colonial Novohispanic religious institutions and women's and gender studies. The chapters are distributed across four sections that deal broadly with different aspects of Sor Juana's life and work: institutional contexts, political, economic, religious, intellectual and legal reception history, literary genres, and directions for future research. Each section is designed to provide the reader with a clear understanding of the current state of the research on those topics and the academic debates within each field.

Jewish Poet and Intellectual in Seventeenth-Century Venice Sarra Copia Sulam, 2009-11-15 The first Jewish woman to leave her mark as a writer and intellectual, Sarra Copia Sulam 1600-41 was doubly tainted in the eyes of early modern society by her religion and her gender. This remarkable woman, who until now has

been relatively neglected by modern scholarship was a unique figure in Italian cultural life opening her home in the Venetian ghetto to Jews and Christians alike as a literary salon For this bilingual edition Don Harr n has collected all of Sulam s previously scattered writings letters sonnets a Manifesto into a single volume Harr n has also assembled all extant correspondence and poetry that was addressed to Sulam as well as all known contemporary references to her making them available to Anglophone readers for the first time Featuring rich biographical and historical notes that place Sulam in her cultural context this volume will provide readers with insight into the thought and creativity of a woman who dared to express herself in the male dominated overwhelmingly Catholic Venice of her time **Selected Philosophical and**

Scientific Writings Emilie Du Châtelet, 2009-09-15 Though most historians remember her as the mistress of Voltaire Emilie Du Châtelet 1706-49 was an accomplished writer in her own right who published multiple editions of her scientific writings during her lifetime as well as a translation of Newton s Principia Mathematica that is still the standard edition of that work in French Had she been a man her reputation as a member of the eighteenth century French intellectual elite would have been assured In the 1970s feminist historians of science began the slow work of recovering Du Châtelet s writings and her contributions to history and philosophy For this edition Judith P Zinsser has selected key sections from Du Châtelet s published and unpublished works as well as related correspondence part of her little known critique of the Old and New Testaments and a treatise on happiness that is a refreshingly uncensored piece of autobiography making all of them available for the first time in English The resulting volume will recover Châtelet s place in the pantheon of French letters and culture

Enrico; or, Byzantium Conquered Lucrezia Marinella, 2009-09-15 Lucrezia Marinella 1571-1653 is by all accounts a phenomenon in early modernity a woman who wrote and published in many genres whose fame shone brightly within and outside her native Venice and whose voice is simultaneously original and reflective of her time and culture In Enrico or Byzantium Conquered one of the most ambitious and rewarding of her numerous narrative works Marinella demonstrates her skill as an epic poet Now available for the first time in English translation Enrico retells the story of the conquest of Byzantium in the Fourth Crusade 1202-04 Marinella intersperses historical events in her account of the invasion with numerous invented episodes drawing on the rich imaginative legacy of the chivalric romance Fast moving colorful and narrated with the zest that characterizes Marinella s other works this poem is a great example of a woman engaging critically with a quintessentially masculine form and subject matter writing in a genre in which the work of women poets was typically shunned *The Ashgate Research Companion to Women and Gender in Early Modern Europe* Jane

Couchman, 2016-03-23 Over the past three decades scholars have transformed the study of women and gender in early modern Europe This Ashgate Research Companion presents an authoritative review of the current research on women and gender in early modern Europe from a multi disciplinary perspective The authors examine women s lives ideologies of gender and the differences between ideology and reality through the recent research across many disciplines including history
