Development and the Arts Margery B. Franklin, Bernard Kaplan, 2013-05-13 This volume s unifying theme is the question Is a concept of development relevant to art Bringing together contributions from the perspectives of philosophical aesthetics psychoanalysis architecture and design and the practicing artist as well as developmental theory in psychology this volume provides a unique assembly of voices from different disciplines The twelve chapters span artistic production in childhood transformations in the work of the individual artist and historical changes in art thus establishing a broad canvas for examining how concepts of development are used in relation to the arts The contributors consider specific phenomena and questions against the background of theoretical issues taking markedly different views on whether change in artistic work can be aptly characterized as development and if so what modulations of the concept may be required in light of accompanying assumptions and implications Given the nature of this discourse this richly illustrated book should lead to a radical rethinking among those who apply developmental concepts to artistic phenomena and aesthetic movements and to reconsideration of the role of art in optimal human development within the

individual and within social orders The Oxford Handbook of Music Listening in the 19th and 20th Centuries Christian Thorau, Hansjakob Ziemer, 2019 An idealized image of European concert goers has long prevailed in historical overviews of the nineteenth and twentieth centuries This act of listening was considered to be an invisible and amorphous phenomenon a naturally given mode of perception This narrative influenced the conditions of listening from the selection of repertoire to the construction of concert halls and programmes However as listening moved from the concert hall to the opera house street music and jazz venues new and visceral listening traditions evolved In turn the art of listening was shaped by phenomena of the modern era including media innovation and commercialization This Handbook asks whether how and why practices of music listening changed as the audience moved from pleasure gardens and concert venues in the eighteenth century to living rooms in the twentieth century and mobile devices in the twenty first Through these questions chapters enable a differently conceived history of listening and offer an agenda for future research Freud Peter Gay, 1998 A biography and study of the psychoanalyst s career family personal life and professional struggles *Kaija Saariaho: Visions, Narratives, Dialogues* Jon Hargreaves, 2017-07-05 Kaija Saariaho is internationally recognized as a leading figure in contemporary music enjoying a well deserved reputation for works that are both creatively original and of considerable appeal Her music communicates with a refreshingly broad audience and this special achievement deserves careful consideration In the first symposium book in English to be dedicated exclusively to this single figure scholars from both the UK and Saariaho s native Finland bring a range of perspectives to her richly varied output Uncovering the compositional historical cultural and sociological issues that have resulted in such critical acclaim lies at the heart of this collection of essays Saariaho s approach to composition is an interdisciplinary one it embraces a number of art forms visual literary and musical in works that explore a creative dialogue between image continuity and time While such diversity is readily accommodated in a multi authored collection the consistency of an underlying compositional identity and integrity is also an important trait The grouping of these essays into three strands visions narratives and dialogues reflects the wide range of Saariaho s creative preoccupations while subscribing to a carefully structured succession of commentaries **Hans Bellmer** Sue Taylor, 2002 A study of Hans Bellmer s eroticized images and the psychological origins of his disturbing art Barthé Margaret Rose Vendryes, 2008 A celebration of the acclaimed African American modern sculptor **The Archetypal Artist** Mary Antonia Wood, 2022-03-24 In this thoughtful and revelatory book Wood explores enduring and powerful theories on art creativity and what Jung called the creative spirit in order to illuminate how artists can truly understand what it means to be a creator By bringing together insights on creativity from some of depth psychology s most iconic thinkers such as C G Jung James Hillman and Joseph Campbell as well as featuring a selection of creators who have been influenced by these ideas such as Martha Graham Mary Oliver Stanley Kunitz and Ursula K Le Guin this book explores archetypal thought and the role of the artist in society This unique approach emphasizes the foundational need to understand and work with the unconscious forces that underpin a

creative calling deepening our understanding of the transformational power of creativity and the vital role of the artist in the modern world Acting as a touchstone for inquiries into the nature of creativity and of the soul this enlightening book is perfect for artists and creators of all types as well as Jungian analysts and therapists and academics interested in the arts humanities and depth psychology
