ART

Everything You Need to Know

What is the difference between FINE and APPLIED art?

Fine Art is created with the purpose of creating something intended to be VIEWED.

Fine Art

Applied art is an aesthetic approach to designing something to be USED.

What if I can't draw?

It is okay. You will be exposed to all different types of art in this class. If you try your best and work hard every day you will SUCCEED! Every artist is unique, and many factors go into what makes a work of art a success. You are not graded only on technical skill.

Google Classroom

Every project receives multiple grades during the assignment. You will need to document progress and participation. You will submit photos of your work on Google Classroom on the dates specified in the assignment.

The only way you will do poorly is by not trying.

Why take art?

These are just some of the benefits of creating art. It can:

- relieve stress
- increase positive emotions
- develop creative thinking skills
- challenge creativity
- be FUN!
- help express thoughts, feelings, dreams, goals or anything on your mind
- provides distraction, giving your brain a break from your usual thoughts
- stimulate your brain to grow new neurons
- be therapeutic and meditative
- improve concentration and focus

How am I graded?

50% participation
50% projects

You are responsible for:

- your own artwork, at all times, including your name and class period on all assignments.
- following all district guidelines.
- returning all materials at the end of the period and cleaning up on time. You may not take any art materials outside the art room.
- bringing a pencil each day!
