SIMSARC 2018 Arti Chandani,Rajiv Divekar, Mita Mehta,2019-02-09

4C s Communication Commerce Connectivity and Culture are the building blocks of an economy How well an economy will grow or perform will depend on how strong these four pillars are Communication leads to sharing of information among individuals It is important for any business to have the right kind of communication channel Commerce provides goods and services for the society and its people Connectivity provides the right infrastructure and system for those goods and services to reach the market Lastly culture helps to retain the indigenous value in those

SIMSARC 2018 organised by Symbiosis Institute of Management Studies focussed on the aforementioned idea and invited eminent speakers from academia and industry all over the world to share their views on the importance of the 4Cs Communication Commerce Connectivity and Culture for businesses and society The conference had 4 sub themes viz Communication Commerce Connectivity and Culture which were the plenary sessions for the conference The highlight of the communication Role of AI Big Data and IoT in Business track was the papers which were from broad range of Internet of things IoT big data role of technology Artificial Intelligence among other aspects of communication The panel speakers gave insight as to how communication is important for business not only for across boundaries but within a country as well Another session was on Culture An indigenous way where speakers deliberated on the cultures prevailing in different organisations countries and societies From a we together attitude in some country to a me first attitude in the other cultural similarities and dissimilarities across nations were discussed in this track The session witnessed some relevant questions from the audience on issues of language barriers and its effect on businesses Language and cultural barriers are something which are inevitable but one needs to be adoptive and should learn languages to mitigate these barriers Connectivity Backbone for development was another plenary discussion where increase in connectivity through various social media platforms such as Facebook Twitter WhatsApp was discussed and deliberated where the focus was whether human beings are still emotionally connected or not The critical role of technology was emphasized along with importance of human to human interaction No matter how much technology comes in play human connections will never die as this was concluded by speakers as Technolgoiy may not be able to take away the emotional connect Another track Commerce Fuel for economy where the panellist spoke about growth price discrimination financial markets inequality etc Investor s education is one of the most important aspect to take the investors to level where they understand financial market and this will help in investment activity in the market Sustainability was another concern highlighted by the speakers and they pointed that policies should work towards attaining sustainability in the market and try to bridge the gap between skills and jobs available in the country Researchers from all over the country belonging to academic institutes and industry presented their research ideas on the 4C s These research works ranged from digital transformation IOT team dynamics and organisation culture to infrastructural issues e commerce

banking and corporate governance the research works presented covered a plethora of policy issues where each one of them is the need of the hour The deliberations from renowned academicians who came from different parts of the world along with top industrialist bureaucrats entrepreneurs NGOs immensely contributed to the existing bodies of work They emphasized on the importance of right policies to promote communication connectivity facilitating commerce and preserving culture among societies Overall the conference witnessed a brainstorming session with scholars and experts and it surely did pave the way for future research

Fueling Culture Jennifer Wenzel, Patricia Yaeger, 2017-02-01 How has our relation to energy changed over time What differences do particular energy sources make to human values politics and imagination How have transitions from one energy source to another from wood to coal or from oil to solar to whatever comes next transformed culture and society What are the implications of uneven access to energy in the past present and future Which concepts and theories clarify our relation to energy and which just get in the way Fueling Culture offers a compendium of keywords written by scholars and practitioners from around the world and across the humanities and social sciences These keywords offer new ways of thinking about energy as both the source and the limit of how we inhabit culture with the aim of opening up new ways of understanding the seemingly irresolvable contradictions of dependence upon unsustainable energy forms Fueling Culture brings together writing that is risk taking and interdisciplinary drawing on insights from literary and cultural studies environmental history and ecocriticism political economy and political ecology postcolonial and globalization studies and materialisms old and new Keywords in this volume include Aboriginal Accumulation Addiction Affect America Animal Anthropocene Architecture Arctic Automobile Boom Canada Catastrophe Change Charcoal China Coal Community Corporation Crisis Dams Demand Detritus Disaster Ecology Electricity Embodiment Ethics Evolution Exhaust Fallout Fiction Fracking Future Gender Green Grids Guilt Identity Image Infrastructure Innervation Kerosene Lebenskraft Limits Media Metabolism Middle East Nature Necessity Networks Nigeria Nuclear Petroviolence Photography Pipelines Plastics Renewable Resilience Risk Roads Rubber Rural Russia Servers Shame Solar Spill Spiritual Statistics Surveillance Sustainability Tallow Texas Textiles Utopia Venezuela Whaling Wood Work For a full list of keywords in and contributors to this volume please go to <http://ow.ly/4mZZxV>
