Fisher, 2010-08-03 The third millennium It's a time of tremendous opportunity for the church and tremendous challenge More than ever pastors need a model for ministry that can equip them for the rigors of a restless increasingly secularized culture In the 21st Century Pastor David Fisher explores

the apostle Paul's concept of ministry to offer a paradigm that is both biblical and relevant Paul's view is fleshed out with examples from Fisher's own twenty five years of pastoral experience presenting a roadmap for today's pastor that is scholarly practical dynamic and inspiring The 21st Century Pastor first addressees crucial issues of pastoral identity the significance of geography time and ecclesiology It then explores Paul's metaphors for ministry jars of clay farmers and builders servants and stewards and others to reveal an accurate portrait of an effective biblical pastor the kind who will speak to the heart of modern culture rather than languish on its fringes Filling the rare role of a pastor to pastors Fisher's sage insights help pastors answer their own identity questions empowering them to minister to a deeply needy society Says Fisher Pastors who know what time it is will in the name and power of God create communities of faith where the values of the Gospel are embraced taught and lived out

Original Sin in the Twenty-First Century Richard J. Coleman, 2021-08-11 Original Sin in the 21st Century begins with a cold hard fact Christians we have a problem No one is listening to us when we talk about original sin That will change as you follow an exploration of original sin as an enduring truth about human nature This book is not another exposition of either the history or the doctrine of original sin Rather it opens up new avenues of consideration such as original goodness as a counterweight to original sin a contemporary interpretation of the Adam Eve narrative the new relevancy of Reinhold Niebuhr's recognition that we are not as good as our ideals and a soul searching inquiry into whether original sin is too dark or perhaps not dark enough The twenty first century is far more than a backdrop This book invites us to rethink what sin looks like when the world warms when AI is created in our own image and when sin thrives on indifference and willful ignorance The author will quickly convince you this century is both an opportunity and an imperative to rethink original sin for what lies ahead
