An Essay On The Development Of Christian Doctrine

JOHN HENRY NEWMAN

An Essay On The Development Of Christian Doctrine:

An Essay on the Development of Christian Doctrine John Henry Newman, 1845 The following pages were not in the first instance written to prove the divinity of the Catholic Religion though ultimately they furnish a positive argument in its behalf but to explain certain difficulties in its history felt before now by the author himself and commonly insisted on by Protestants in controversy as serving to blunt the force of its prim facie and general claims on our recognition However beautiful and promising that Religion is in theory its history we are told is its best refutation the inconsistencies found age after age in its teaching being as patent as the simultaneous contrarieties of religious opinion manifest in the High Low and Broad branches of the Church of England In reply to this specious objection it is maintained in this Essay that granting that some large variations of teaching in its long course of 1800 years exist nevertheless these on examination will be found to arise from the nature of the case and to proceed on a law and with a harmony and a definite drift and with an analogy to Scripture revelations which instead of telling to their disadvantage actually constitute an argument in their favour as witnessing to a superintending Providence and a great Design in the mode and in the circumstances of their occurrence

An Essay on the Development of Christian Doctrine John Henry Newman, 1890 *An Essay on the Development of Christian Doctrine* John Henry Newman, 2005-07-22 John Henry Cardinal Newman begins the Essay with a definition of development pointing out that the real problem is how to distinguish true developments from corruptions and decays He then goes on to a sweeping consideration of the growth and development of doctrine in the Catholic Church from the time of the Apostles to Newman's own era He demonstrates that the basic rule under which Christianity proceeded through the centuries is to be found in the principle of development and emphasized that throughout the entire life of the Church this law of development has been in effect and safeguards the faith from any real corruption

An Essay on Development of Christian Doctrine John Henry Cardinal Newman, 2017-04-11 John Henry Newman's treatise on Christian belief stands as one of the finest original works of church history in the nineteenth century A prolific author educator and priest John Henry Newman sought to catalog examine and improve knowledge and understanding of church doctrine In this book he delves deep into the past of the Catholic church and other traditions of Christianity in order to accurately trace the development of various doctrines By the nineteenth century it was no secret that many of the Christian doctrines had been warped or adulterated by corruptions Often these divergences would appear several centuries after a given doctrine first originated part of Newman's quest was to determine which doctrines had undergone such corruption and which had remained untouched over the ages Newman is certain to differentiate between the early church and Gnostic traditions the Catholic church and the various Protestant and other Christian denominations Throughout the text he keenly notes how different groups reinterpreted or simply added to the canon Knowing this Newman attempts to distinguish spirited developments of Christian doctrine from flagrant corruptions of

the ancient early principles of the church Owing to the resources at his command and his tireless and resolute determination John Henry Newman made substantial headway in a topic which many historians and theologians had written off as too obscure or simply impenetrable The result of Newman s years of investigation and study are largely contained within this single lengthy essay Inevitably the work proved controversial as scholars disagreed with or otherwise scorned Newman s conclusions However over the many years since its initial publication both ordinary and scholarly Christians have judged this work to be of enormous merit and significance noting its marked and genuine thirst for truth and insight *An Essay On Development Of Christian Doctrine* is an important historical text which has been innumerable cited since its first publication in 1845 Revised and updated multiple times during and after John Henry Newman s life it is with great pleasure that the publisher presents this printing which is based upon the 14th impression of 1909 *An Essay on the Development of Christian Doctrine* John Henry Cardinal Newman,2018-09-21 Reproduction of the original *An Essay on the Development of Christian Doctrine* by John Henry Cardinal Newman **An Essay on the Development of Christian Doctrine** Saint John Henry Newman,1906 *An Essay on the Development of Christian Doctrine: How the Catholic Church and Beliefs in Christ Changed Through History* J.
