An Immigrants Journey Into The Cosmos A Memoir:

An Immigrant's Journey into the Cosmos Dr. N Y Misconi, 2015-05-19 Astronaut Dr Buzz Aldrin commended the author citing his proposal to transform the Space Shuttle fleet before retiring it into a space tourism fleet which would generate profits for NASA Dr Donald Brownlee Director of NASA's STARDUST Mission that flew to comet Wild 2 said this about the author One of Dr Misconi's most significant publications was his 1979 Nature paper on streaming of interstellar grains into the solar system The paper predicted that interstellar dust should stream into the solar system from the direction the then detectable interstellar gas and it also described the interaction of the extrasolar particles with the solar wind and the IP Interplanetary magnetic field The paper was timely and highly prophetic as the stream of interstellar dust was detected just a few years later by instruments on the Ulysses and Galileo spacecraft Dr Seung Soo Hong former chair of the Astronomy Department at Seoul National University in Seoul South Korea said this about the author I still remember in one of those brain storming sessions he suggested to fire a big gun from a satellite to a nearby asteroid and to observe the scattered light of the Sun and man made source by the dust excavated from the asteroid surface The Space Astronomy Laboratory team couldn't materialize the idea then But to think back this was a brilliant idea with which one can characterize the nature of ligorith particles for a reasonable price

An Immigrant's Journey Into the Cosmos N Y Misconi, 2015 Dr Misconi chronicles his life from his beginnings in Iraq to study and work in the United States with details of his accomplishments in astrophysics and rocketry

Beyond the Mountains Deja Vu Prem, 2025-11-04 The powerful story of how an immigrant from the Philippines overcame childhood trauma and an emotionally abusive marriage to find her voice and thrive As a child in a small barrio in the Philippines Deja Vu Prem faced neglect and physical abuse At age seventeen desperate to escape her situation and claim a better life for herself beyond the mountains of her town she became a mail order bride and moved to San Francisco But the challenges of her childhood didn't go away they merely evolved into the form of her emotionally abusive husband Cut off from her family and any kind of emotional or financial support Prem was a prisoner in her own home unable even to use the phone or check

the mail But she wasn't helpless Relying on her deep faith and the fire within that had always pushed her to achieve Prem made the brave decision to escape her situation to provide a better life for herself and her two young children Recounting Prem's harrowing yet hopeful journey Beyond the Mountains is a stirring and moving portrait of one immigrant's refusal to be defined as a victim and a testament on finding the strength to forgive in order to reclaim the power that lives within us all

Becoming irlandés Edmundo Murray, 2006 **The Cosmos in Cosmopolitanism** Nikos Papastergiadis, 2023-10-09 Cosmopolitanism is commonly associated today with the idea that the forces of globalization could be tempered by new forms of cosmopolitan governance an idea that was popular among some political theorists in the late twentieth century but seems increasingly unrealistic today Rather than discarding the idea of cosmopolitanism Nikos Papastergiadis seeks to reinvigorate it by examining the ways in which visual artists have explored themes associated with the cosmos Kant regarded cosmopolitanism as the goal for humanity but he turned his attention away from the connection to the cosmos and directed it toward the practical rules for peaceful co existence However these two concerns are not in conflict Today a new vision of the cosmos is being developed by artists among others one that brings together the cosmos and the polis Scholars from the South are decolonizing the mindset which divided the world and split us from our common connections while others are using art to highlight the existential threats we now face as a species By developing a distinctive form of aesthetic cosmopolitanism this book shows that the idea of the cosmos is more important than ever today and vital for our attempts to rethink our place as one species among others in a universe that extends far beyond our world
