Atlantis David Gibbins,2006-09-26 BONUS This edition contains an excerpt from David Gibbins's *The Mask of Troy* From an extraordinary discovery in a remote desert oasis to a desperate race against time in the ocean depths a team of adventurers is about to find the truth behind the most baffling legend in history The hunt is on for Marine archaeologist Jack Howard has stumbled upon the keys to an ancient puzzle With a crack team of scientific experts and ex Special Forces commandos he is heading for what he believes could be the greatest archaeological find of all time the site of fabled Atlantis while a ruthless adversary watches his every move and prepares to strike But neither of them could have imagined what awaits them in the murky depths Not only a shocking truth about a lost world but an explosive secret that could have devastating consequences today Jack is determined to stop the legacy of Atlantis from falling into the wrong hands whatever the cost But first he must do battle to prevent a global catastrophe

Offshore Geotechnical Engineering Mark Randolph,Susan Gourvenec,2017-07-12 Design practice in offshore geotechnical engineering has grown out of onshore practice but the two application areas have tended to diverge over the last thirty years driven partly by the scale of the foundation and anchoring elements used offshore and partly by fundamental differences in construction and installation techniques As a consequence offshore geotechnical engineering has grown as a speciality The structure of Offshore Geotechnical Engineering follows a pattern that mimics the flow of a typical offshore project In the early chapters it provides a brief overview of the marine environment offshore site investigation techniques and interpretation of soil behaviour It proceeds to cover geotechnical design of piled foundations shallow foundations and anchoring systems Three topics are then covered which require a more multi disciplinary approach the design of mobile drilling rigs pipelines and geohazards This book serves as a framework for undergraduate and postgraduate courses and will appeal to professional engineers specialising in the offshore industry
