Brain Matters Imaging Centers:

Bipolar fuzzy soft mappings with application to bipolar disorders Muhammad Riaz, Syeda Tayyba Tehrim, Bipolar disorder is a neurological disorder that consists of two main factors i.e. mania and depression. There are two main drawbacks in clinical diagnosis of the bipolar disorder. First, bipolar disorder is mostly wrongly diagnosed as unipolar depression in clinical diagnosis. This is because in clinical diagnosis the first factor is often neglected due to its approach toward positivity.

Caught in the Psychiatric Maelstrom Elizabeth E. Root MSW, MS Ed, 2009-09-23. This book offers a warning that American children are receiving increased chemical treatment from psychiatrists and provides a primer on how to improve the emotional health of kids without drugs. Maelstrom is an apt metaphor for the inexorable deterioration many children experience inside the mental health system. **Kids Caught in the Psychiatric Maelstrom: How Pathological Labels and Therapeutic Drugs Hurt Children and Families** challenges current treatment practices and addresses the critically important issue of excessive prescribing of psychiatric medications to children. This encyclopedic work reveals inside the system information emphasizing the theoretical divide at the root of the controversy over diagnosis and treatment. It explains how the 1990s decade of the brain replaced talk therapy with biochemical treatments leading to the hegemony of the pharmaceutical industry and subsequently the massive drugging of children. Author Elizabeth E. Root details common diagnoses and treatments explaining up-to-date brain research with some surprising interpretations and noting dangerous national precedents to mental screening. Finally, she illuminates pathways toward solutions and healthier families sharing nonpsychiatric explanations for the nation's increase of troubled children and the rationale and research supporting non-drug alternative approaches to childhood distress. **ACTIVITIES REPORT OF THE COMMITTEE ON VETERANS'**
