

11. The differentiation between 'evaluate' and 'critically evaluate' can be explained as follows:
- 11.1 When 'evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. **Positive:** 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings.'✓
  - 11.2 When 'critically evaluate' is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance, candidates are also expected to support their responses with more depth, e.g. 'CIDA eliminates time and costs spent✓ on lengthy civil court proceedings✓, because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent.'✓

**NOTE:**

- 1. The above could apply to 'analyse' as well.
- 2. Note the placing of the tick (✓) in the allocation of marks.

12. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guidelines and the context of each question.

Cognitive verbs, such as:

- 12.1 Advise, name, state, mention, outline, motivate, recommend, suggest, (list not exhaustive) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.
  - 12.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (list not exhaustive) require a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.
13. Mark only the **FIRST** answer where candidates offer more than one answer for **SECTION B** and **C** questions that require one answer.
14. **SECTION B**
- 14.1 If for example, **FIVE** facts are required, mark the candidate's **FIRST FIVE** responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word 'Cancel'.
- NOTE:** This only applies to questions where the number of facts is specified.
- 14.2 If two facts are written in one sentence, award the candidate **FULL** credit. Point 14.1 above still applies.
  - 14.3 If candidates are required to provide their own examples/views, brainstorm this to come up with alternative answers.

## **Business Studies Memo Of June 2014:**

Ukraine and the Empire of Capital Yuliya Yurchenko, 2017-12-20 Since 1991 nominally independent Ukraine has been in turmoil with the Orange Revolution and the Maidan protests marking its most critical moments. Now its borders are threatened and the civil unrest and armed conflict continue to destabilise the country. In order to understand these dramatic events Yuliya Yurchenko looks to the country's post-Soviet past in this ambitious analysis of contemporary Ukrainian political economy. Providing distinctive and unexplored reflections on the origins of the conflict, Yurchenko unpacks the four central myths that underlie Ukraine's post-Soviet reality: the myth of transition, the myth of democracy, the myth of two Ukraines, and the myth of the other. In doing so, she sheds light on the current intensification of class rivalries in Ukraine, the kleptocracy, resource wars, and analyses existing and potential dangers of the rightwing shift in Ukraine's polity, stressing a historic opportunity for change. Critiquing the concept of Ukraine as transition space, she provides a sweeping analysis which includes the wider neoliberal restructuring of global political economy since the 1970s, with particular focus on Ukraine's relations with the US, the EU, and Russia. This is a book for those wanting to understand the current conflict as a dangerous product of neoliberalism of the empire of capital.

**Through Times of Trouble** Anna Matveeva, 2017-12-20 This book tells the story of insurgency in Ukraine's Donbas region from the perspective of the rebels who sought and continue to seek either independence from Ukraine or unification with Russia. As such, it provides a unique insight into their thinking and motivations, which need to be understood if the conflict is to be resolved. Those making and remaking the conflict are placed in the centre of the story, which uses the words of the combatants themselves. It shows how volunteer fighters, driven by a wide and diffuse set of motivations, emerged from Ukraine, Russia, and different parts of the world stood at the rebellion's heart. The book focuses on the participants' own voices and personalities, drawing extensively on first-hand research and interviews. Rather than rendering Ukraine a chess piece on the geopolitical board, the rebellion shows that ordinary people, rather than elites, can act as a decisive force. Donbas says something about why large numbers of people make the decision to take part in a collective violent action when material rewards are low or non-existent and mortal risks high. It stands as an important text on the study of modern insurgencies, revealing how violent conflicts happen via issues of politicized identity and involvement of non-state actors. This book places this conflict into the context of other conflicts worldwide and demonstrates how ideas and narratives are constructed to provide meaning to a struggle. The insurgency has produced a conflict sub-culture rich with symbolism, narrative, and communications made possible by the digital age and a social media-savvy population. These beliefs and ideas have had the power to pull people from different parts of the world. This book follows the stages of assembling different conflict ingredients together and the rebellion's zigzagging fortunes after it became apparent that Moscow was not going to repeat the Crimea scenario in Donbas. It analyses the logic of armed struggle and the tactics deployed by warring parties. It also sheds light on the developments in Moscow, discusses the phenomenon of the Russian Spring movement, and

concludes with the prospects for a peaceful solution

### **The Challenges for Russia's Politicized Economic System**

Susanne Oxenstierna, 2015-04-10 During the early 2000s the market liberalization reforms to the Russian economy begun in the 1990s were consolidated But since the mid 2000s economic policy has moved into a new phase characterized by more state intervention with less efficiency and more structural problems Corruption weak competitiveness heavy dependency on energy exports an unbalanced labour market and unequal regional development are trends that have arisen and which this book argues will worsen unless the government changes direction The book provides an in depth analysis of the current Russian economic system highlighting especially structural and institutional defects and areas where political considerations are causing distortions and puts forward proposals on how the present situation could be remedied

**Political and Legal Perspectives of the EU Eastern Partnership Policy** Tanel Kerikmäe, Archil Chocia, 2016-01-23 This book examines EU Eastern Partnership taking into account geopolitical challenges of EU integration It highlights reasons for limited success such as systematic conflict of EU External Action In addition the book analyses country specific issues and discusses EaP influence on them investigating political economic and social factors while seeking for potential solutions to existing problems The reluctance of the Eastern countries to the European reforms should not reduce political pro activeness of the EU The authors suggest that EaP strategies should be reviewed to be more reciprocal and not based solely on the EU laden agenda This book is one of the good examples of cooperation between scholars not only from EaP and EU countries but also from different disciplines bringing diversity to the discussion process

**Vladimir Putin and Russia's Imperial Revival** David E. McNabb, 2017-07-05 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today's Russia as a nation determined to re-establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia's re-emergence as an international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events

*The Gospel of J. Edgar Hoover* Lerone A. Martin, 2023-02-07 This book examines one powerful but largely neglected ally of this rising white conservative coalition J Edgar Hoover and the FBI he led for almost a half century Revered by the evangelical faithful Hoover was a powerful ally of and partner to the mainstream evangelical movement working alongside

Billy Graham the mass circulation magazine Christianity Today the National Association of Evangelicals and other evangelical institutions and leaders to advance a Christian nationalist vision of America In some ways it was an odd partnership Hoover for one thing was not himself a born again evangelical And he maintained a domestic partnership with a male senior FBI agent that did not cohere with Christian conservative family values Yet white Christian conservatives readily looked to Hoover and his FBI for their civic and political salvation The Gospel of J Edgar Hoover explains why white evangelicals from the pulpit to the pew honored Hoover as their anointed Christian champion Part one of the book illustrates how Hoover made white Christian nationalism the bedrock of the modern national security state by shaping the FBI in his own image as soldiers advancing toward a white Christian America The second part explains how Hoover materially supported the white Christian nationalist project of fusing conservative Christianity with American civic life Along the way Martin considers broader questions about the relationship between religion and national security in American history and what Hoover s bureau might reveal about the nature of white evangelicalism
