Reading, Praying, Living Pope Francis's Rejoice and Be Glad Daniel P. Horan, 2019-02-27 2020 Catholic Press Association first place award pastoral ministry catechetical Drawing on the wisdom of the Second Vatican Council's landmark teaching on the universal call to holiness Pope Francis addresses all Christian women and men in his latest apostolic exhortation Gaudete et Exsultate and invites them to fully embrace their baptismal call to live the Gospel Horan guides readers through Pope Francis's apostolic exhortation with helpful commentary additional context and expert insight Each chapter includes suggestions for prayer and reflection questions which makes Reading Praying Living Pope Francis's Rejoice and Be Glad an ideal resource for adults students and faith formation groups interested in learning more about this teaching and exploring their own spirituality This is the most extensive and helpful commentary on Gaudete et Exsultate available anywhere It does not include the full text of the apostolic exhortation On Care for Our Common Home Bill Huebsch, 2015-08 Laudato Si Pope Francis, 2015-07-18 In the heart of this world the Lord of life who loves us so much is always present He does not abandon us he does not leave us alone for he has united himself definitively to our earth and his love constantly impels us to find new ways forward Praise be to him Pope Francis Laudato Si In his second encyclical Laudato Si On the Care of Our Common Home Pope Francis draws all Christians into a dialogue with every person on the planet about our common home

We as human beings are united by the concern for our planet and every living thing that dwells on it especially the poorest and most vulnerable Pope Francis letter joins the body of the Church's social and moral teaching draws on the best scientific research providing the foundation for the ethical and spiritual itinerary that follows Laudato Si outlines The current state of our common home The Gospel message as seen through creation The human causes of the ecological crisis Ecology and the common good Pope Francis call to action for each of us Our Sunday Visitor has included discussion questions making it perfect for individual or group study leading all Catholics and Christians into a deeper understanding of the importance of this teaching

Praise Be to You - Laudato Si' Pope Francis, 2015-07-06 The earth is the common home of humanity It is a gift from God Yet man's abuse of freedom threatens that home In his encyclical Praise Be to You Laudato Si' Pope Francis challenges all people to praise God for his glorious creation and to work to safeguard her The encyclical letter takes its name from St Francis of Assisi's Canticle of the Creatures which depicts creation as a sister with whom we share our life and a beautiful mother who opens her arms to embrace us This sister Pope Francis declares now cries out to us because of the harm we have inflicted on her by our irresponsible use and abuse of the goods with which God has endowed her He calls for an integral ecology based on what Pope St John Paul called an ecological conversion a moral transformation linking the proper response to God for the gift of his creation to concern for justice especially for the poor He challenges people to understand ecology in terms of the right ordering of the fundamental relationships of the human person with God oneself other people and the rest of creation Francis examines such ecological concerns as pollution waste and what he calls the throwaway culture Climate he insists is a common good to be protected He explores the proper use of natural resources and notions such as sustainability from a Judeo Christian perspective The loss of biodiversity due to human activities decline in the quality of life for many people global inequality of resources as well as concerns over consumerism and excessive individualism also threaten the good order of creation writes Pope Francis While valuing technology and innovation he rejects efforts to repudiate the natural order including the moral law inscribed in human nature or to rely simply on science to solve ecological problems Moral and spiritual resources are crucial including openness to God's purpose for the world Expounding the biblical tradition regarding creation and redemption in Christ Francis stresses man's subordination to God's plan and the universal communion of all creation Dominion he maintains means responsible stewardship rather than exploitation He rejects treating creation as if it were divine and insists on the primacy of the human person in creation He also explores the roots of the ecological crisis in man's abuse of technology his self-centeredness and the rise of practical relativism Without rejecting political changes he implores people to change their hearts and their ways of life Popes Benedict XVI St John Paul II and Blessed Paul VI addressed key themes regarding stewardship of God's creation and justice in the world But Pope Francis is the first to devote an entire encyclical to the subject

Laudato Si' Catholic Church. Pope (2013-: Francis), Pope Francis, 2015 Addressed not only to Catholics but to every person living on this planet Pope Francis second

encyclical is a challenging call for a bold cultural revolution in how we think about technological progress and economic growth. The degradation of our environment, he says, is a symptom of deeper problems: rapid change, unsustainable overconsumption, indifference to the poor, and the decay of social values. He offers a variety of solutions, including a change in lifestyles away from extreme consumerism and towards a greater sense of social responsibility. For Christians, an ecological spirituality, one that is grounded in the convictions of our faith, is not an optional or a secondary aspect of our Christian experience. Drawing on the rich social teachings of the Church, *Laudato Si* is a groundbreaking document that will be discussed and studied by both believers and non-believers for years to come. Study guide included for Reflection and Discussion.

On Care for Our Common Home Pope Francis, Catholic Church. Pope (2013- : Francis), 2015. This appeal from Pope Francis to all who inhabit this planet states that humans have made irresponsible use of the Earth, that climate change affects most people living in poverty, and that we must unite to protect the planet. Ultimately, Pope Francis challenges all people to praise and thank God for his glorious creation and to work together to safeguard her. *Laudato Si* will make an impact politically as well as upon the major environmental and economic debates of our time.

Laudato Si Catholic Church. Pope (2013- : Francis), 2015. *Laudato Si* Anthony Kelly, 2016-09-20. Pope Francis' *Laudato Si* is a game-changing document for the life of the Church and the ecological health of this planet. A Catholic vision is deficient if it does not include the earth and its life forms. Loving one's neighbour must include loving the planetary neighbourhood in which all live. For its part, the integral ecology on which the Pope insists must include the dimensions of mind and heart, science and art, faith and the whole spiritual life of culture. Here the great theological themes animating the Catholic vision play their part as ever: renewable resources, the Creator and the gift of creation, the incarnation of the Word amongst us, the inexhaustible life of the Trinity itself, the Eucharist as communion with Christ in the here and now of earthly life, just as Sister Death must be given her place for the sake of ecological and eschatological realism. Integral ecology and Catholic vision are two sides of the conversion of mind and heart necessary to promote the communion of life now and in the world to come.
