Women vs. Women Joan Johnson-Freese, 2022-04-21 Women vs Women is a book about power dynamics and competition between women The author argues that women have been mired in competitive quicksand since the beginning of time often beginning in earnest during adolescence to their social economic and political detriment Exacerbating differences between women has become a strategy for maintaining male dominated power structures so while competition will always exist and can at times be useful self inflicted and counterproductively imposed competition between women must end as it dilutes their power and opportunities From a security perspective gender inequality is a destabilizing societal force This book represents a confluence of ideas First the ill effects of gender inequality from the individual to the national and global level and the fact that this is far from being universally recognized and addressed Second the negative influence of extremes especially political and religious on society at large and women in particular Third the societal stresses imposed on girls and the subsequent lifetime effects While the challenges of careers motherhood and old age are all significant for women the author contends that how they handle these challenges can be shaped by adolescent experiences As a multidisciplinary work this book is intended as a supplementary text in undergraduate and graduate courses on American politics American foreign policy gender and diversity studies global studies sociology security studies culture focused courses economics and religion It will also interest general audiences increasingly eager to understand the dynamics of the world they live in

Society and Power provides an accessible introduction to the study of language in a variety of social contexts. This book examines the ways language functions, how it influences the way we view society, and how it varies according to age, ethnicity, class, and gender. Readers are encouraged to consider whether representations of people and their language matter, explore how identity is constructed and performed, and examine the creative potential of language in the media, politics, and everyday talk. With updates and new international examples throughout, the sixth edition of this popular textbook features thoroughly revised chapters on politics and media to include topics such as environmentalism, the politics of consumer choice, injustice in legal systems, and the power of social media in political activism. Expanded coverage of ongoing debates around fake news, gender fluidity and representation, and multilingualism. Discussions of surveillance in relation to linguistic landscapes. Examination of linguistic change due to COVID-19. A companion website which includes streamlined exercises, further reading, a who's who of Twitter, and links to blogs and videos to support learning as students make their way through the book. Authentic Diversity Michelle Silverthorn, 2020-09-08. The nation has transformed. The calls for racial equity are loud and insistent, and they are now being listened to. And yet, companies across the country are still far behind when it comes to equity in the workplace. For decades, we've heard variations on the same theme: on how to increase diversity and inclusion, and we have still not moved. If we want equity to matter inside and outside the workplace, if we want to be real allies for change, then we need a new approach. We need to stop following trends. We need to lead change. In *Authentic Diversity*, culture change expert and diversity speaker Michelle Silverthorn explains how to transform diversity and inclusion from mere lip service into the very heart of leadership. Following the journey of a Black woman in the workplace, leaders learn the old rules of diversity that keep failing her and millions like her, again and again, and the new rules they must put in place to make success a reality for everyone. A millennial immigrant and Black woman in America, Michelle will show you how to lead a space centered on equity, allyship, and inclusion, and how together we can build a new organization and nation centered on justice.

Imogen may have Alexander Wang and Diane von Furstenberg on speed dial, but she doesn't know Facebook, Foursquare, and once got her phone stuck in Japanese for three days.
