Campus Sexual Assault Alison E. Hatch, 2017-05-18 This invaluable reference text thoroughly examines the alarming epidemic of campus sexual assault including a discussion of laws high profile cases controversies and proposed solutions From the assault of a high school girl by a multitude of her peers in Steubenville Ohio to the alleged gang rape at the University of Virginia the ongoing and serious problem of sexual violence at U S educational institutions is well established These horrific attacks continue in spite of the Title IX probe launched by the Obama administration in order to hold schools more accountable Campus Sexual Assault A Reference Handbook addresses the difficult questions about the widespread incidence of sexual assault among high school and college students Written to be highly accessible to high school and undergraduate students general readers as well as individuals interested in the campus rape discourse the book covers the background history of sexual assault on college campuses discusses how laws regarding sexual assault and the cultural understanding of the crime have evolved over time and outlines some of the highest profile cases of sexual assault at U S schools A perspectives chapter presents testimonials from those who by profession or experience have insight into the problem of sexual assault giving voice to a Title IX investigator a college counselor a sexual assault nurse and individuals who have been sexually assaulted Readers will come away with a deeper appreciation of the gravity of the problem of campus sexual assault and grasp the causes of this societal issue to intelligently consider proposed solutions

Understanding Popular Culture and World Politics in the Digital Age Laura J. Shepherd, Caitlin Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone *Understanding Popular Culture and World Politics in the Digital Age* engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

Privileged Victims Eddie Scarry, 2020-02-25 America s worst ideas and people are rising to the

top thanks to a rancid culture that has turned every part of our lives into a fight between so called privilege and entitled brats claiming victim status The country is under siege and America s most ferocious enemy is already here our privileged victims On university campuses in the news media and in Hollywood race gender and sexuality determine who should advance and who should be taken down a peg Driven by social justice and governed by intersectionality out of control college students school administrators journalists and titans of the entertainment industry divide and rank us on an infinite scale of grievance the more of them the better And God have mercy on any individual deemed to benefit from privilege Privileged Victims zealously exposes the lies and myths behind The MeToo movement that redefined sexual assault and rape to include simple regret ruining the lives and careers of countless men Hoax hate crimes a key feature of the privileged victim class The debate over our jungle like immigration system dumbed down by a scheming national news media to ugly charges of racism and xenophobia Hollywood which no longer aims to produce high quality entertainment but to virtue signal and promote social justice And so much more In gripping detail Eddie Scarry uncovers the perversion behind social justice and its identity first dogma that s replacing America s meritocracy tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades Bewildered citizens mistakenly believe that it s a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive The truth is much worse it s a deliberate malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination How did everyone in America get so unhappy all of a sudden In part because it pays Eddie Scarry lays out the scam in this infuriating and fascinating book It ll make you never want to complain again just for the sake of being countercultural Tucker Carlson Host of Tucker Carlson Tonight on Fox News and Author of Ship of Fools What I love about Eddie is his courage He knows the outrage mob is constantly coming and he doesn t care Some of us call that being a First Amendment advocate Count me as a fan and a reader Megyn Kelly *The Big Letdown* Kimberly Seals Allers, 2017-01-24 Pediatricians say you should but it s okay if you don t The hospital says Breast is best but sends you home with formula just in case Your sister in law says Of course you should Your mother says I didn t and you turned out just fine Celebrities are photographed nursing in public yet breastfeeding mothers are asked to cover up in malls and on airplanes Breastfeeding is a private act yet everyone has an opinion about it How did feeding our babies get so complicated Journalist and infant health advocate Kimberly Seals Allers breaks breastfeeding out of the realm of personal choice and shows our broader connection to an industrialized food system that begins at birth the fallout of feminist ideals and the federal policies that are far from family friendly *The Big Letdown* uncovers the multibillion dollar forces battling to replace mothers milk and the failure of the medical establishment to protect infant health Weaving together research and personal stories with original reporting on medicine big pharma and hospitals Kimberly Seals Allers shows how mothers and babies have been abandoned by all the forces that should be supporting families from the start and what we can do to help **Threshold Concepts in Women's and Gender Studies**

Christie Launius,Holly Hassel,2018-02-20 Threshold Concepts in Women s and Gender Studies Ways of Seeing Thinking and Knowing is a textbook designed primarily for introduction to Women s and Gender Studies courses with the intent of providing both skills and concept based foundation in the field The text is driven by a single key question What are the ways of thinking seeing and knowing that characterize Women s and Gender Studies and are valued by its practitioners Rather than taking a topical approach Threshold Concepts develops the key concepts and ways of thinking that students need in order to develop a deep understanding and to approach material like feminist scholars do across disciplines This book illustrates four of the most critical concepts in Women s and Gender Studies the social construction of gender privilege and oppression intersectionality and feminist praxis and grounds these concepts in multiple illustrations The second edition includes a significant number of updates revisions and expansions the case studies in all five chapters have been revised and expanded as have the end of chapter elements statistics have been updated and numerous references to significant news stories and cultural developments of the past three years have been added Finally many more callbacks to previous chapters have been incorporated throughout the textbook in order to remind students to carry forward and build upon what they have learned about each threshold concept even as they move on to a new one

The Feminist Utopia Project Alexandra Brodsky,Rachel Kauder Nalebuff,2015-09-21 This incredible addition to the feminist canon brings together the most inspiring creative and courageous voices concerning modern women s issues Jessica Valenti editor of Yes Means Yes In this groundbreaking collection more than fifty cutting edge feminist writers including Melissa Harris Perry Janet Mock Sheila Heti and Mia McKenzie invite us to imagine a world of freedom and equality in which An abortion provider reinvents birth control The economy values domestic work A teenage rock band dreams up a new way to make music The Constitution is re written with women s rights at the fore The standard for good sex is raised with a woman s pleasure in mind The Feminist Utopia Project challenges the status quo that accepts inequality and violence as a given offering playful earnest challenging and hopeful versions of our collective future in the form of creative nonfiction fiction visual art poetry and more Library Journal
