former love despite the fact that she has married      The Romantic Life D. Andrew Yost, 2022-08-24 The world is  
disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but  
now it's just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one  
that reduces human experiences to whatever is explainable through observation Love It's just a biological drive Joy a rush of  
adrenaline Beauty an influx of dopamine If you can't test it it isn't true or so the thinking goes The Romantic Life draws upon  
eighteenth and nineteenth century Romanticism to provide five strategies to re-enchant the world five ways to imbue the  
world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things  
like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth that cannot be attained  
on a purely material account of the world By learning from their example we can come to see into the life of things as William
