McCall, 2021-03-04 This study draws upon the resources of both contemporary analytic theology and the theological interpretation of the New Testament in order to investigate a set of important issues in Christology It is the first work in analytic Christology to draw upon both recent scholarship in biblical studies and recent contributions to analytic philosophy and theology Thomas H McCall explores the themes of union with Christ and the faith of Christ as these are developed by the apocalyptic and New Perspective interpreters of Pauline theology The volume offers a careful analysis of recent dogmatic proposals about the identity of Christ and the doctrine of election and provides an examination of debates over the subordination of the Son in Hebrews It also probes the relationship of the incarnate Son to his Father in Johannine theology McCall presents an exegetically grounded theological engagement with recent work on the place of logic in the doctrine of the incarnation **Themelios, Volume 41, Issue 1** D. This handbook provides theological and philosophical resources that demonstrate analytic theology's unique contribution to the task of theology. Analytic theology is a recent movement at the nexus of theology, biblical studies, and philosophy that marshals resources from the analytic philosophical tradition for constructive theological work. Paying attention to the Christian tradition, the development of doctrine, and solid biblical studies, analytic theology prizes clarity, brevity, and logical rigour in its exposition of Christian teaching. Each contribution in this volume offers an overview of specific doctrinal and dogmatic issues within the Christian tradition and provides a constructive conceptual model for making sense of the doctrine. Additionally, an extensive bibliography serves as a valuable resource for researchers wishing to address issues in theology from an analytic perspective.

Introducing Analytic Theology Phil Weston, 2025-03-31 Analytic Theology is a new and growing movement that draws on the Anglo-American analytic philosophical tradition for theological work. It prizes clarity, brevity, and logical rigour in its exposition of the Church's historic doctrines and practices. As well as helping to provide Christians with a deeper understanding of their faith, analytic theology also seeks to demonstrate to the academy and to the world the coherence and credibility of the Christian worldview.

The Nature and Promise of Analytic Theology Oliver D. Crisp, James Arcadi, Jordan Wessling, 2019-12-16 In the past decade, analytic theology has established itself as a flourishing research program that includes academic journals, monograph series, a dedicated annual conference, research centres on several continents, and a growing and diverse body of work produced by scholars drawn from philosophy, theology, and biblical studies. In this short monograph, Oliver Crisp, James Arcadi, and Jordan Wessling introduce readers to analytic theology. The work provides an account of analytic theology, some of the main areas in which analytic theologians have worked, and some of the prospects for the future of analytic theology going forward. It also addresses some key objections to analytic theology as a theological method. Written by three leading researchers in the field, this work is an excellent way for scholars and students to get acquainted with this new theological movement.

T. F. Torrance's Christological Anthropology Christopher G. Woznicki, 2022-06-01 This book demonstrates the promise of Christology for developing Scottish theologian T. F. Torrance's theological anthropology. T. F. Torrance's *Christological Anthropology: Discerning Humanity in Christ* engages with several key themes in Torrance's theological anthropology and considers how each one of these topics—anthropological method, the metaphysics of human nature, the imago Dei, personhood, vocation, human destiny—can be further developed in light of Christ. Christopher Woznicki argues that Christology not only holds promise for the task of developing Torrance's insights on humanity but also for developing a constructive account of humanity. The volume is valuable reading for scholars of T. F. Torrance's theology and for those who are interested in the role of Christology in theological anthropology.

Analyzing Prayer Oliver D. Crisp, James M. Arcadi, Jordan Wessling, 2022 *Analyzing Prayer* draws together a range of

theologians and philosophers to deal with different approaches to prayer as a Christian practice The essays included deal with issues pertaining to petitionary prayer prayer as reorientation of oneself in the presence of God prayer by those who do not believe liturgical prayer mystical prayer whether God prays the interrelation between prayer and various forms of knowledge theologizing as a form of prayer lament and prayer prayer and God s presence and even prayer and the meaning of life The volume contains cutting edge studies on a neglected topic of theological study that contributes to the broadening of themes tackled by analytic theology

The Lost Sheep in Philosophy of Religion Blake Hereth, Kevin Timpe, 2019-09-04 Contemporary research in philosophy of religion is dominated by traditional problems such as the nature of evil arguments against theism issues of foreknowledge and freedom the divine attributes and religious pluralism This volume instead focuses on unrepresented and underrepresented issues in the discipline The essays address how issues like race sexual orientation gender identity disability feminist and pantheist conceptions of the divine and nonhuman animals connect to existing issues in philosophy of religion By staking out new avenues for future research this book will be of interest to a wide range of scholars in analytic philosophy of religion and analytic philosophical theology
