Coordinating Student Affairs Divisional Assessment Erin Bentrin, Gavin W. Henning, Kimberly Yousey-Elsener, 2023-07-03 An ACPA NASPA Joint Publication The need for the new role of student affairs assessment coordinator has emerged in response to the increasing demand for outcomes information the proliferation of data and the recognition that coordinating this work within divisions is of paramount importance For those taking on this role this book constitutes a practical guide to leading and implementing an assessment program whether doing so full or part time as an individual or in a multi person office or whether reporting to or being in positional leadership Recognizing that this function that is new to student affairs and that those who take it on

frequently find themselves in an in between world being both embedded with but also distinct from their divisional colleagues this book first addresses the common challenges and issues related to defining and implementing the role and cultivating a culture of assessment It then deals with the practicalities of creating systems and structures developing assessment skills throughout the organization and creating an integrated model for measuring progress towards strategic planning goals and for informing decision making and resource allocation The book concludes with guidance on leading and maintaining ethical standards related to data collection storage and sharing for the division and on navigating the dynamic political environment that assessment professionals will encounter *Rethinking Student Affairs Practice* Patrick G.

Love, Sandra M. Estanek, 2004-04-05 To be effective managers student affairs professionals must understand the structures and processes that form the organizational context in which they work and must be able to work within them These structures are often characterized by a rigid division of labor and an expectation that good managers can predict the outcomes of their efforts and can and should exercise control over the inputs However to be effective leaders they must be able to perceive new possibilities beyond those structures and expectations How can they do both *Rethinking Student Affairs Practice* offers an answer to that question Love and Estanek challenge their readers to perceive their responsibilities institutions and relationships through multiple lenses They have developed a model for change based in four concepts that will help their readers do this The four concepts are valuing dualisms transcending paradigms recognizing connectedness and embracing paradox **Contested Issues in Student Affairs** Peter M. Magolda, Marcia B. Baxter Magolda, 2023-07-03

What is your level of understanding of the many moral ideological and political issues that student affairs educators regularly encounter What is your personal responsibility to addressing these issues What are the rationales behind your decisions What are the theoretical perspectives you might choose and why How do your responses compare with those of colleagues *Contested Issues in Student Affairs* augments traditional introductory handbooks that focus on functional areas e g residence life career services and organizational issues It fills a void by addressing the social educational and moral concepts and concerns of student affairs work that transcend content areas and administrative units such as the tensions between theory and practice academic affairs and student affairs risk taking and failure and such as issues of race ethnicity sexual orientation and spirituality It places learning and social justice at the epicenter of student affairs practice The book addresses these issues by asking 24 critical and contentious questions that go to the heart of contemporary educational practice Intended equally for future student affairs educators in graduate preparation programs and as reading for professional development workshops it is designed to stimulate reflection and prompt readers to clarify their own thinking and practice as they confront the complexities of higher education Student affairs faculty administrators and graduate students here situate these 24 questions historically in the professional literature present background information and context define key terms summarize the diverse ideological and theoretical responses to the questions make explicit their

own perspectives and responses discuss their political implications and set them in the context of the changing nature of student affairs work Each chapter is followed by a response that offers additional perspectives and complications reminding readers of the ambiguity and complexity of many situations Each chapter concludes with a brief annotated bibliography of seminal works that offer additional information on the topic as well as with a URL to a moderated blog site that encourages further conversation on each topic and allows readers to teach and learn from each other and interact with colleagues beyond their immediate campus The website invites readers to post blogs respond to each other and upload relevant resources The book aims to serve as a conversation starter to engage professionals in on going dialogue about these complex and enduring challenges

Short ContentsThe 24 questions are organized into four units I The Philosophical Foundations of Student Affairs in Higher Education explores the implications and complications of student affair educators placing learning at the epicenter of their professional work II The Challenges of Promoting Learning and Development explores the challenges associated with learning centered practice III Achieving Inclusive and Equitable Learning Environments addresses crafting learning environments that include students whose needs are often labeled special or students and or student subcultures that are often marginalized and encouraged to adapt to normalizing expectations IV Organizing Student Affairs Practice for Learning and Social Justice addresses the organizational and professional implications of placing learning and social justice at the epicenter of student affairs practice

The Professional Student Affairs Administrator Roger B. Winston, Don G. Creamer, Theodore K. Miller, 2013-08-21 Styled as a complete update to the 1991 book Administration and Leadership in Student Affairs this work addresses issues of importance to student affairs professionals Grounded in human development learning leadership group dynamics management theories and social science research and evaluation methods this book articulates the means for college student affairs administrators to function in the forefront of student learning and personal development initiatives The book focuses on the three essential roles played by student affairs administrators as educators who play a significant role in addressing the academic goals of their institutions as leaders who help to shape the vision of their institution s student affairs practice and education mission and as managers who are responsible for co ordinating programs and services supervising staff and overseeing university facilities and budgets
