

Boy-Wives and Female Husbands

STUDIES IN AFRICAN HOMOSEXUALITIES

Edited by Stephen O. Murray and Will Roscoe

With a New Foreword by Marc Epprecht

Boy Wives And Female Husbands Studies Of African Homosexualities

Charlotte Baker

Boy Wives And Female Husbands Studies Of African Homosexualities:

Boy-Wives and Female Husbands Stephen O. Murray, Will Roscoe, 2021-04-01 Among the many myths created about Africa the claim that homosexuality and gender diversity are absent or incidental is one of the oldest and most enduring. Historians, anthropologists, and many contemporary Africans alike have denied or overlooked African same sex patterns or claimed that such patterns were introduced by Europeans or Arabs. In fact, same sex love and nonbinary genders were and are widespread in Africa. *Boy Wives and Female Husbands* documents the presence of this diversity in some fifty societies in every region of the continent south of the Sahara. Essays by scholars from a variety of disciplines explore institutionalized marriages between women, same sex relations between men and boys in colonial work settings, mixed gender roles in east and west Africa, and the emergence of LGBTQ activism in South Africa, which became the first nation in the world to constitutionally ban discrimination based on sexual orientation. Also included are oral histories, folklore, and translations of early ethnographic reports by German and French observers. *Boy Wives and Female Husbands* was the first serious study of same sex sexuality and gender diversity in Africa, and this edition includes a new foreword by Marc Epprecht that underscores the significance of the book for a new generation of African scholars, as well as reflections on the book's genesis by the late Stephen O. Murray. This book is freely available in an open access edition thanks to the generous support of the Murray-Hong Family Trust. Access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1714>.

Boy-Wives and Female-Husbands NA, 2001-03-02 Claims concerning the presence and status of homosexuality in historic African cultures have become central points of contention in debates among contemporary African Americans. Some of those involved in the debate have even asserted that the original languages of Africa contained no words for gay or lesbian, therefore concluding that they did not exist. As the first work of its kind on the subject, *Boy Wives and Female Husbands* answers an urgent need for accurate, well-researched, and balanced work on African sexuality. It offers perspectives from the fields of anthropology and history, along with extensive evidence from ethnographic and literary sources. The essays explore such topics as woman-woman marriages, early reports of Malagasy berdaches, male homosexuality in contemporary West Africa, alternative gender identities among the Swahili, the regulation of sexuality in colonial Zimbabwe, and the portrayals of homosexuality in modern African literature. Bound to be an invaluable resource for discussions of traditional and contemporary African cultures, *Boy Wives and Female Husbands* is a book whose time has clearly come.

Boy-wives and Female Husbands Stephen O. Murray, Will Roscoe, 2001 *Expressions of the Body* Charlotte Baker, 2009 This book contributes to a growing corpus of writing on the body, bringing new perspectives to this fascinating and topical subject. Feminist, psychoanalytic, and queer readings, among others, have demonstrated the extent of the functions and roles fulfilled by the body, as well as the number of critical perspectives it can serve. However, by and large, African representations of the body have been overlooked. This coherent volume brings together essays on the portrayal of the body

in African art film literature photography and theatre The book includes thematically linked contributions which explore issues of power and representation and reflects current trends in the study of the body and more broadly within the field of African Studies *Female Husbands* Jen Manion, 2020-03-18 A timely and comprehensive history of female husbands in Anglo America from the eighteenth through the turn of the twentieth century *A Companion to African History* William H. Worger, Charles Ambler, Nwando Achebe, 2018-09-11 Covers the history of the entire African continent from prehistory to the present day A Companion to African History embraces the diverse regions subject matter and disciplines of the African continent while also providing chronological and geographical coverage of basic historical developments Two dozen essays by leading international scholars explore the challenges facing this relatively new field of historical enquiry and present the dynamic ways in which historians and scholars from other fields such as archaeology anthropology political science and economics are forging new directions in thinking and research Comprised of six parts the book begins with thematic approaches to African history exploring the environment gender and family medical practices and more Section two covers Africa s early history and its pre colonial past early human adaptation the emergence of kingdoms royal power and warring states The third section looks at the era of the slave trade and European expansion Part four examines the process of conquest the discovery of diamonds and gold military and social response and more Colonialism is discussed in the sixth section with chapters on the economy transformed due to the development of agriculture and mining industries The last section studies the continent from post World War II all the way up to modern times Aims at capturing the enthusiasms of practicing historians and encouraging similar passion in a new generation of scholars Emphasizes linkages within Africa as well as between the continent and other parts of the world All chapters include significant historiographical content and suggestions for further reading Written by a global team of writers with unique backgrounds and views Features case studies with illustrative examples In a field traditionally marked by narrow specialisms A Companion to African History is an ideal book for advanced students researchers historians and scholars looking for a broad yet unique overview of African history as a whole *Readings in Sexualities from Africa* Rachel Spronk, Thomas Hendriks, 2020-02-04 Images and stories about African sexuality abound in today s globalized media Frequently old stereotypes and popular opinion inform these stories and sex in the media is predominately approached as a problem in need of solutions and intervention The authors gathered here refuse an easy characterization of African sexuality and instead seek to understand the various erotic realities sexual practices and gendered changes taking place across the continent They present a nuanced and comprehensive overview of the field of sex and sexuality in Africa to serve as a guide though the quickly expanding literature This collection offers a set of texts that use sexuality as a prism for studying how communities coalesce against the canvas of larger political and economic contexts and how personal lives evolve therein Scholars working in Africa the U S and Europe reflect on issues of representation health and bio politics same sex relationships and identity transactional economies of sex religion and

tradition and the importance of pleasure and agency This multidimensional reader provides a comprehensive view of sexuality from an African perspective *Gender, Sexualities and Law* Jackie Jones, Anna Grear, Rachel Anne Fenton, Kim Stevenson, 2011-03-17 Bringing together an international range of academics *Gender Sexualities and Law* provides a comprehensive interrogation of the range of contemporary issues both topical and controversial raised by the gendered character of law legal discourse and institutions The gendering of law persons and the legal profession along with the gender bias of legal outcomes has been a fractious but fertile focus of reflection It has moreover been an important site of political struggle This collection of essays offers an unrivalled examination of its various contemporary dimensions focusing on issues of theory and representation violence both national and international reproduction and parenting and partnership sexuality marriage and the family *Gender Sexualities and Law* will be invaluable for all those engaged in research and study of the law and related fields as a form of gendered power *Being and Becoming* Ukpokolo, Chinyere, 2016-02-27 This book illuminates the complex and constantly shifting social and cultural dynamics that shape people's identity Specifically the volume focuses on the intersections of gender with culture and identity and at different historical epochs on the way men and women define themselves and are defined by diverse peoples and cultures across time and space in sub Saharan Africa The discussions presented in this anthology primarily focus on being as a state or condition defined by sex identity and how this identity shifts and hence becoming assuming diverse meanings in disparate societies contexts and time The discourse therefore moves from how the perception of the self in cultural and historical contexts has informed actions and at some other times shaped interpretations given to historical facts to how changing economic realities also shape the definitions and constructions of social and relational issues in Sub Saharan Africa The historical trajectories of Islamic religion colonialism and Christian missionary activities in sub Saharan Africa have shaped the worlds of the peoples of the region and impacted on gender relations **Invisible Contrarian** Regna Darnell, Wendy Leeds-Hurwitz, 2025-06 In *Invisible Contrarian* Regna Darnell and Wendy Leeds Hurwitz have assembled scholars to memorialize and celebrate the prescient vision and interdisciplinary contributions of the late Stephen O Murray 1950-2019 who did pioneering research in ethnolinguistics and anthropology of gender and homosexuality His socially relevant work continues to provide a cogent example of an emergent forward looking anthropology for the twenty first century Murray's wide ranging work included linguistics regional ethnography in Latin America and Asia activism history of anthropology in relation to social sciences and migration studies Along with a complete list of his publications *Invisible Contrarian* highlights Murray's methodological innovations and includes key writings that remain little known since he never pursued a tenured research position Murray's significant prolific contributions deserve not only to be reexamined but to be shared with contemporary and future audiences Ideal both as a primer for those who have not yet read Murray's work and as an in depth resource for those already familiar with him this volume demonstrates the wide ranging accomplishments of a man who modeled how to be an independent scholar

outside an academic position

Adopting the Melody of Expression: An Emotional Symphony within **Boy Wives And Female Husbands Studies Of African Homosexualities**

In some sort of used by displays and the ceaseless chatter of fast transmission, the melodic beauty and mental symphony developed by the written term frequently disappear into the backdrop, eclipsed by the persistent noise and disturbances that permeate our lives. However, located within the pages of **Boy Wives And Female Husbands Studies Of African Homosexualities** a wonderful literary prize full of natural feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, that fascinating masterpiece conducts visitors on a psychological journey, skillfully unraveling the hidden tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of this poignant review, we can explore the book's main harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers' souls.
