Business Storytelling Guide Creating Business Presentations Using Storytelling Techniques:

Business Storytelling Guide Luis Cubero,Katie Scaggs,David Weber,2014-05-29 Have you ever wondered why business presentations are so boring Wouldn't it be great if presentations were as captivating as a good story or movie We asked that question many years ago and found that the key to improving business presentations was storytelling This book shows how to use Joseph Campbell's Hero's Journey story structure to create captivating and compelling business presentations The audience is the hero you are the mentor and the goal is to defeat the shadow In business terms this means creating an audience-centric presentation that is meaningful and compelling Use the techniques provided in the *Business Storytelling Guide* to keep your audiences on the edge of their seats

Data-Driven Decision-Making for Business Claus Grand Bang,2024-08-22 Research shows that companies that employ data-driven decision making are more productive have a higher market value and deliver higher returns for their shareholders In this book the reader will discover the history theory and practice of data-driven decision making learning how organizations and individual managers alike can utilize its methods to avoid cognitive biases and improve confidence in their decisions It argues that value does not come from data but from acting on data Throughout the book the reader will examine how to convert data to value through data-driven decision making as well as how to create a strong foundation for such decision making within organizations Covering topics such as strategy culture analysis and ethics the text uses a collection of diverse and up-to-date case studies to convey insights which can be developed into future action Simultaneously the text works to bridge the gap between data specialists and businesspeople Clear learning outcomes and chapter summaries ensure that key points are highlighted enabling lecturers to easily align the text to their curriculums *Data-Driven Decision Making for Business* provides important reading for undergraduate and postgraduate students of business and data analytics programs as well as wider MBA classes Chapters can also be used on a standalone basis turning the book into a key reference work for students graduating into practitioners The book is supported by online resources including PowerPoint slides for each chapter
