Working Dogs: Form and Function, Volume II Cynthia M. Otto, Nathaniel James Hall, Wendy Irene Baltzer, 2021-09-29

Proceedings of International Conference on Artificial Intelligence and Networks Bal Virdee, Sérgio Duarte Correia, Punam Bedi, Abhishek Swaroop, 2025-09-30 This book presents selected papers from International Conference on Artificial Intelligence and Networks ICAIN 2024 held on 24-25 September 2024 in Guru Tegh Bahadur Institute of Technology GTBIT GGSIPU Delhi India. The topics covered in the book are deep learning, machine learning, natural language processing, data science and analytics, cybersecurity and privacy, cloud computing and wireless and mobile networks.

Ex-Ministers as Constitutional Judges Mathias Möschel, 2025-02-11 The appointment of former politicians to constitutional courts is a global phenomenon. While ex-politician appointees may bring status, visibility, knowledge and political awareness to the job, their previous roles may influence their assessment of legislations' constitutionality. *Ex-Ministers as Constitutional Judges* sheds light on this practice in four of the world's oldest and most established constitutional courts: Austria, France, Germany and Italy. Weaving together legal, political, sociological and historical sources including press articles, surveys and interviews with constitutional judges and high-level personnel, the book provides the first comprehensive exploration of ex-politicians becoming constitutional court judges. It analyses the advantages and disadvantages such personalities bring to constitutional courts as well as assessing what limitations supranational law may set for such participation. Whereas the participation of ex-ministers does not seem to have posed serious structural issues to constitutional courts so far, this volume posits that the risks have been underestimated. In this context, *Ex-Ministers as Constitutional Judges* ultimately suggests normative steps for minimizing such risks and strengthening the independence and impartiality of constitutional courts in view of democratic and constitutional backsliding.

Press Freedom and Regulation in a Digital Era Irini Katsirea, 2024-04-22 The processes of convergence and digitalization have altered the technological conditions in which the press operates. More than that, they have altered the environment in which the press stakes its claim to freedom and strives to protect its turf from other media players. The advent of internet-based services and applications has blurred the technological boundaries between the press, broadcasting and telecommunications, challenging their regulatory silos. *Press Freedom and Regulation in a Digital Era: A Comparative Study* assesses the extent to which the emergent regulatory model for online news media is shaped by analogies from the past or rather by a newly prevalent culture of control. By interweaving two distinct strands of analysis, the concepts of press freedom and regulation and the phenomena of convergence and digitalization, this book examines the key implications of digitalization and assesses the challenges for press freedom in the nascent digital news ecosystem. Drawing upon decisions of the European Court of Human Rights (ECtHR), the Court of Justice of the European Union (CJEU) as well as from cases in Germany, the United Kingdom and the United States, this comparative work comprehensively explores the regulation of the press in the digital era and the impact of the proliferating media laws, policies and jurisprudence on press

freedom Irini Katsirea identifies the regulatory ruptures that persist and makes concrete and timely recommendations for the evolving online news ecosystem

A Dictionary of Accounting Jonathan Law, Gary Owen, 2010-04-29 This best selling dictionary includes more than 3 700 entries covering all aspects of accounting including financial accounting financial reporting management accounting direct taxation indirect taxation auditing corporate finance and accounting bodies and institutions It boasts feature entries on key areas e g Bankruptcy Law and the FTSE share indexes and its international coverage includes important terms from UK US Australia India and Asia Pacific Over 250 new entries have been added to this edition to reflect the very latest developments in the accounting profession e g the growing importance of International Accounting Standards recent legislation UK tax changes and reliefs and allowances e g Entrepreneurs Relief Annual Investment Allowance In addition coverage of taxation finance and audit has been increased and all entries have been revised to ensure they are up to date With its authoritative and straightforward definitions and its wide ranging coverage this dictionary is essential for students and professionals in accounting and finance It is also an ideal source of reference for anyone seeking a clear guide to the often confusing world of accountancy terms
