Terence E. R. Hodgson

Bfg Similes And Metaphors:

Roald Dahl Ann Alston, Catherine Butler, 2012-11-01 Roald Dahl is one of the world's best loved authors. More than twenty years after his death, his books are still highly popular with children and have inspired numerous feature films yet he remains a controversial figure. This volume, the first collection of academic essays ever to be devoted to Dahl's work, brings together a team of well-known scholars of children's literature to explore the man, his books for children, and his complex attitudes towards various key subjects. Including essays on education, crime, Dahl's humour, his long-term collaboration with the artist Quentin Blake, and film adaptations, this fascinating collection offers a unique insight into the writer and his world. *How Bullets Saved My Life* Judy Green, 2010-09-24 Organized around the 6-1 Writing Traits, the book breaks writing into manageable parts to help both students and teachers deal with all aspects of writing. back cover *Similes and Metaphors* Ann Heinrichs, 2017-08-01 What are similes and metaphors? Similes compare two things. Some similes use the word "as." Some similes use the word "like." Metaphors are like similes. They compare two different things, but they do not use "like" or "as." In this book, you will learn how to use similes and metaphors. This book is part of the Language Rules series. Each book in this series provides hints, examples, and funny illustrations to help readers master a different part of speech. *Similes and Metaphors* Claire Janvier Gibeau, 2010-03 The book SIMILES and METAPHORS is the third of a series of educational and entertaining books on word usages. The two other books in this series are HOMONYMS AND HYPERBOLE EXAMPLES. **Similes and Metaphors** Kara Murray, 2014-12-15 Similes and metaphors are a complex yet fundamental concept for readers of any age. The world of figurative language is decoded through age-appropriate text and relatable, easy-to-understand examples of both similes and metaphors. This text will help young readers build their reading comprehension and, along the way, unlock a world of core language skills that will make their own writing fuller and richer. A quiz question on each spread prompts readers to critically think about the concepts presented in the text. Engaging visuals, a glossary, and index provide opportunities for additional learning. **A Collection of Similes and Metaphors** Wendy Body, 2003 A Collection of Similes and Metaphors is by Wendy Body. It is a persuasion reference text which explores the difference between literal and figurative language. It is for 5 P6 and is part of the Pelican Big Books fiction/non-fiction. *Eyes Like Butterflies* Terence E. R. Hodgson, 2003 This innovative treasury of similes and metaphors from modern literature in English will delight any reader. The images were selected from over 3000 novels for their humor, poignancy, and the way they distill a vivid thought into an original phrase: "grey hair like the insides of a Salvation Army mattress," "a smile like a torch with a weak battery," "adolescents like spies in a cold waiting room." This is an unmatched literary tool for writers, students, and teachers to show how skilled authors engaged readers. *Metaphors, Similes, and Other Word Pictures* Jennifer Fandel, 2005-07 Describes the importance of using descriptions, details, metaphors, and similes to bring poems even about everyday objects to life. **CONCISE DICTIONARY OF METAPHORS AND SIMILIES** EDITORIAL BOARD, 2014-04-09 Most speakers and writers use the terms metaphor and

simile as if they mean exactly the same thing But they are not A simile is a metaphor but not all metaphors are similes A metaphor compares two things and does so more directly without using as or like For example the shop was a little gold mine A simile compares usually introduced by like or as two things that are generally not alike such as a line of migrant workers and a wave or onion skins and a swarm of butterflies Writers and authors use similes to explain things to express emotion or to make their writing more lively and entertaining Metaphors also offer figurative comparisons but these are implied rather than introduced by like or as Salient Features o Thousands of widely used popular Metaphors Similes in Englisho Inclusion of foreign Metaphors Similes currently in use in English languageo Arranged alphabetically from A Zo Worth recommending without second thoughtAn authoritative Dictionary of Metaphors Similes for students writers and general readers Similes and Metaphors ,2000
