Visual Aids, Resources, Patterns and Instructions for Bible Stories

We Learn To Worship, Pray and Give to God

Sunday School involves learning Bible truths through many different methods. The Bible story is the focal point toward which all other activities direct the learner. While it must be short to match the limited abilities of very young children, an illustrated story is the highlight of class time. Use the story visuals and other resources in this packet to make children enjoy learning God's Word.

Lesson 1

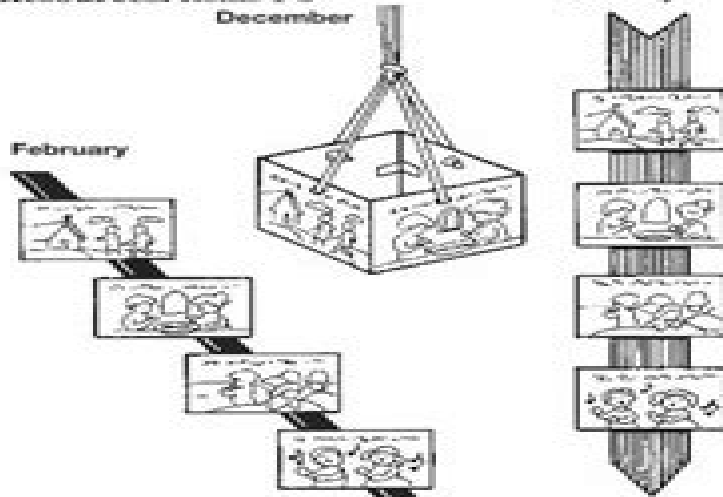

December 6, 2015

Worshiping in a Tent

Exodus 36-40

Visuals: Story wheel and cover

Resources: Items 1-3

Item 1—Room Decoration. These pictures help teach learners how to serve God. For December, make a four-sided visual of it by cutting each picture out. Tape ends together to make a continuous strip. Punch a hole in each panel in the center near the top. Tie equal lengths of string or yarn through them. Bring the four strings together and tie. Hang so that the visual turns freely. The pictures relate to all the lessons this quarter.

Change the display for January to stimulate renewed interest. Cut the pictures apart and hang on a paper ribbon. Cut 3" widths of art paper (comes in large rolls) or construction paper to tape to the backs of the pictures so that it looks like a long ribbon.

In February, replace the paper ribbon with a red 2" satin or velvet ribbon placed at an angle on the wall. Use Plasti-Tak to attach the pictures over the ribbon. Changing methods of display makes the room decoration pictures more meaningful throughout the quarter.

Item 2—Attendance Chart. Keep a record of each child's attendance with miniature stickers in the spaces provided on the chart. Stickers are a good incentive for young children. They enjoy adding a new sticker each week with your help to get it in the right space.

Item 3—Places of Worship Pictures. Places of worship in Unit 1 lessons—Tabernacle, Temple and church house—make a meaningful bulletin board. Little learners will have a better idea of the places you talk about if they see illustrations of them. Enlarge the pictures by copying Items 3-A, 3-B and 3-C to overhead transparency films. Project the image on a piece of
