Beyond the nation-state: functionalism and international organization Ernst Bernard Haas, **Beyond the Nation-state** Ernst B. Haas, 1964 *Beyond the Nation-state; Functionalism and International Organization [by] Ernst B. Haas* Ernst B. Haas, 1964 **Beyond the Nation-State : Functionalism and International Organization** Ernst B. Haas, 1968 International Organization as Technocratic Utopia Jens Steffek, 2021 This volume examines the development of the idea of technocratic internationalism the promotion of the involvement of experts in the workings of international relations especially in international organizations such as the United Nations and European Union **Why International Organizations Hate Politics** Marieke Louis, Lucile Maertens, 2021-04-05 Building on the concept of depoliticization this book provides a first systematic analysis of International Organizations IO apolitical claims It shows that depoliticization sustains IO everyday activities while allowing them to remain engaged in politics even when they pretend not to Delving into the inner dynamics of global governance this book develops an analytical framework on why IOs hate politics by bringing together practices and logics of depoliticization in a wide variety of historical geographic and organizational contexts With multiple case studies in the fields of labor rights and economic regulation environmental protection development and humanitarian aid peacekeeping among others this book shows that depoliticization is enacted in a series of overlapping sometimes mundane practices resulting from the complex interaction between professional habits organizational cultures and individual tactics By approaching the consequences of these practices in terms of logics the book addresses the instrumental dimension of depoliticization without assuming that IO actors necessarily intend to depoliticize their action or global problems For IO scholars and students this book sheds new light on IO politics by clarifying one often taken for granted dimension of their everyday activities precisely that of depoliticization It will also be of interest to other researchers working in the fields of political science international relations international political sociology international political economy international public administration history law sociology anthropology and geography as well as IO practitioners
