Building A Passive Solar House My Experience Shared:

Building a Passive Solar House Tracey Allen, 2012 This book outlines the experience of building a passive solar house from start to finish by the building owners Included in the book are ideas to help renovate existing homes to capture passive solar gain Where possible installation instructions and or costs are provided There are a number of pictures showing construction including architect s design development drawings Robert Haggis ECC Architecture and Design The Complete Guide to Building Affordable Earth-Sheltered Homes Robert McConkey, 2011 The home an essential part of the American dream has been beset by troubles since the beginning of the Great Recession in 2007 Whether from an unstable housing economy ever rising energy costs or the environmental ruin of urban sprawl the origin and variety of these assaults can be bewildering Surprisingly some of the answers to many of these modern day troubles lie in some of humanity s most ancient building techniques Earth sheltered building has existed since the heyday of Skara Brae in Scotland 5 000 years ago and is used today by people around the world from the Yaodong of north west China to the subterranean residents of Coober Pedy Australia and even to converted missile silos in America If you have ever looked at your power bill in stunned disbelief if you are interested in green building techniques or if you want your home to stand out or hide out then this book is for you Contrary to popular misconceptions of being cramped dark or dank domiciles earth sheltered homes come in a number of different styles incorporating brilliant techniques designed to bring light and air into the home With The Complete Guide to Building Affordable Earth Sheltered Homes you will learn about the many different types of earth sheltered homes and their various advantages including a life span that can be two to three times longer than that of conventional housing inexpensive building materials and reduced maintenance costs Additionally the energy costs of an earth sheltered home can be as much as 80 percent lower than a conventional homes power costs The book will also examine the different environmental factors that you need to consider when selecting which style to build and how to begin and carry out your building process Some of the factors discussed include the different types of soil and how to adjust to them the level of precipitation and how to manage run off and how to maximise use of natural light sources Construction experts and earth sheltered home builders have been interviewed and their expertise is included in this guide to help you learn how you can create your own underground home Details of construction methods are found throughout the book including tips and advice for planning excavation flooring walls framing waterproofing roofing drainage and insulation You will also learn how to pour your own footings and floor how to dry stack concrete block walls how to use post and beam framing and how to waterproof the membranes With the information provided in this book you can start planning and building your own earth sheltered home in no time so that you too can benefit from the natural protection of the earth If earth sheltered building is good enough for Bill Gates 136 million mansion then it just might be good enough for you too **Voices of Counterculture in the Southwest** Jack Loeffler, Meredith Davidson, 2017-03-15 This book pays homage to the counterculture movement through the words and

photographs of a select gathering of people who lived it At its height in the late 1960s and early 1970s the counterculture movement permeated every region of America as thousands of activists took on the establishment Although counterculture has often been trivialized as dirty hippies and sex drugs and rock n roll committed activists formed powerful strands of resistance to the political military industrial complex American Indians Hispanos Blacks and Anglos joined in marches and protests often at their peril Veterans of Haight Ashbury in San Francisco communards in northern New Mexico practitioners of drug induced mysticism disciplined seekers of spiritual awakening back to the landers defenders of wilderness counterculturalists all questioned reframed and redefined American and global perspectives that remain to this day The American Southwest became a haven for individuals from both coasts seeking refuge in this vast landscape Many found an affinity with the native cultures and local inhabitants who were already here Others joined forces to combat the Vietnam War racial discrimination and pillaging of the environment Still others founded communes based on diverse cultures of practice Movement leaders organized community events protests and spoke for their generation many used their talents as writers musicians artists and photographers to express their angst and promote change Jack Loeffler draws from his extensive archive of recorded interviews and transcribed conversations with contemporaries among them writers artists elders activists and scholars including Philip Whalen Gary Snyder Edward Abbey Shonto Begay Camillus Lopez Tara Evonne Trudell Roberta Blackgoat Richard Grow Alvin Josephy David Brower Dave Foreman Elinor Ostrom Fritjof Capra and Melissa Savage The book includes personal essays by Yvonne Bond Peter Coyote Lisa Law Peter Rowan Siddiq Hans von Briesen Art Kopecky Bill Steen Sylvia Rodriguez Enrique R Lamadrid Levi Romero Rina Swentzell Gary Paul Nabhan Meredith Davidson and Jack Loeffler It includes photographs by Lisa Law Seth Roffman Terrence Moore and others *Passive Solar Energy Programs and Plans* United States.
