Better Health through Spiritual Practices Dean D. VonDras Ph.D., 2017-08-18 An in depth examination of religious practices around the world and the fascinating science behind how they make us healthier Many religious and spiritual beliefs promote wellness through their practices or stated objectives for example focusing on simple living having compassion for others vegetarianism or meditation and mindfulness This refreshing work provides a review of the world s spiritual perspectives and traditions and explores how their guiding principles encourage healthy lifestyle choices An examination of religious and nonreligious perspectives from around the world from atheism Confucianism and Christianity to Islam Judaism Shamanism and Zoroastrianism reveals how faith beliefs and values influence behavior and inspire healthy living With contributions from leading international scholars the chapters include a discussion of Eastern and Western world religions and their practices such as fasting or the avoidance of alcohol and tobacco and how they may foster healthfulness A contemporary analysis of current research findings suggests possible interventions that individuals and health providers may utilize to enhance healthfulness A final chapter explores the connection between health illness and religious and nonreligious perspectives

Sufism and Zen in the West Saeko Yazaki, Michael Conway, 2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities

Atlas of Religion in China: Social and Geographical Contexts Fenggang Yang, 2018-09-04 The speed and the scale with which traditional religions in China have been revived and new spiritual movements have emerged in recent decades make it difficult for scholars to stay up to date on the religious transformations within Chinese society This unique atlas presents a bird's eye view of the religious landscape in China today In more than 150 full color maps and six different case studies it maps the officially registered venues of China's major religions Buddhism Christianity Protestant and Catholic Daoism and Islam at the national provincial and county levels The atlas also outlines the contours of Confucianism folk religion and the Mao cult Further it describes the main organizations beliefs and rituals of China's main religions as well as the social and demographic characteristics of their respective believers Putting multiple religions side by side in their contexts this atlas deploys the latest qualitative quantitative and spatial data acquired from censuses surveys and fieldwork to offer a definitive overview of religion in contemporary China An essential resource for all scholars and students of religion and society in China

Being Muslim in a Morally Relative World Muhammad Awais Shaukat, 2024-10-29 Being Muslim in a Morally Relative World The Dilemma of Contemporary Polarized Pakistani Society examines the challenges faced by Islamic societies in the 21st century particularly in Pakistan as they navigate the influences of globalization and Western intellectual movements Muhammad Awais Shaukat offers a detailed analysis comparing the Islamic value system with the concept of moral relativism exploring how these contrasting ethical frameworks shape individual and societal behaviors values and beliefs The book investigates the conflict between traditional Islamic morality rooted in the Qur'an and Sunnah which upholds absolute and objective values and the relativistic subjective morality emerging from post modernism By leveraging his multidisciplinary expertise the author illustrates how these conflicting values have intensified polarization within Muslim societies amplified by media and intellectual discourse The book contributes not only to academic discourse but also offers practical insights for policymakers educators and community leaders offering a framework for developing pathways toward social harmony and cohesion

Soul Savior, Soul Rebel Mohamed Moussa Ghounem, 2025-09-22 In an era when depression anxiety and trauma have reached epidemic proportions this revolutionary work bridges a critical gap that traditional approaches have
