Belchertown Doris M. Dickinson,Cliff McCarthy,1998 *Belchertown* Doris M. Dickinson,Cliff McCarthy,1998-06-01

Belchertown a photographic celebration of small town life in western Massachusetts depicts the story of the community from its settlement to the 1960s An industrious group Belchertown residents worked to establish shops work fields and manufacture carriages in the early years The town was once known as the Detroit of the carriage industry These labors and the benefits they generated are illustrated in this exciting new book Despite changes in the transportation industry that made Belchertown increasingly accessible by trains and later by cars residents succeeded in preserving the municipality s small town character Through the opening and the closing of the Belchertown State School and the creation of the Quabbin Reservoir the town remained a comfortable haven from the hustle and bustle of city life Residents enjoyed doing business in town attending local schools churches and civic organizations and gathering together for the celebrated Belchertown Fair The 200 vintage images in this book primarily selected from the extensive photograph collection housed at the Stone House Museum of the Belchertown Historical Association depict the idyllic nature of life in Belchertown through the years

Belchertown State School Katherine Anderson,2020 In the first decade of the 20th century the state of Massachusetts established itself as a leader in the education of individuals with disabilities The third state school for the feebleminded was built in rural Belchertown in the western part of the state Opened in 1915 Belchertown State School would eventually encompass almost 900 acres of land and would become the largest employer in town For nearly 60 years the state school educated individuals with disabilities who were otherwise excluded from public education training the residents to become independent members of their families and of society The model was a success until reports of abuse and neglect began to surface culminating in the landmark 1972 Ricci v Greenblatt case which ultimately led to the state school s closure in 1992 The state school s rich history maintained and curated by the late Donald LaBrecque chronicles the rise of special education and developmental services and the ultimate collapse of the state school system **The Girls and Boys of Belchertown**

Robert N. Hornick,2012 During much of the twentieth century people labeled feeble minded mentally deficient and mentally retarded were often confined in large publicly funded residential institutions located on the edges of small towns and villages some distance from major population centers At the peak of their development in the late 1960s these institutions frequently called schools or homes housed 190 000 men women and children in the United States The Girls and Boys of Belchertown offers the first detailed history of an American public institution for intellectually disabled persons Robert Hornick recounts the story of the Belchertown State School in Belchertown Massachusetts from its beginnings in the 1920s to its closure in the 1990s following a scandalous expos and unprecedented court case that put the institution under direct supervision of a federal judge He draws on personal interviews private letters and other unpublished sources as well as local newspapers long out of print materials and government reports to re create what it was like to live and work at the school More broadly

he gauges the impact of changing social attitudes toward intellectual disability and examines the relationship that developed over time between the school and the town where it was located What emerges is a candid and complex portrait of the Belchertown State School that neither vilifies those in charge nor excuses the injustices perpetrated on its residents but makes clear that despite the court ordered reforms of its final decades the institution needed to be closed **The Image of the Army Officer in America** Charles Robert Kemble,1973-10-04 **Belchertown** Cliff McCarthy,Doris M. Dickinson,2007 The fifty stories in this charming collection part history part reminiscence recall Belchertown s days as the Detroit of the carriage industry and as a genteel summer haven from urban life while acknowledging the changes brought by the coming of the Belchertown State School and by the dislocation of four nearby communities for the Quabbin Reservoir Snug in the heart of the Pioneer Valley of western Massachusetts Belchertown has a rich past and old timers and newcomers alike will enjoy the warmth and wit of this patchwork quilt of local history This is Belchertown from the front porch Doris and Harvey Dickinson have chronicled their little town s history with the humanity and humor that comes from a half century of paying attention *Porches of North America* Thomas Durant Visser,2012 A complete architectural guide to this well loved building feature **American Book Publishing Record** ,2007 **Abandoned Asylums of Massachusetts** Tammy Rebello,L.F. Blanchard,2016-02-01 This collection of photographs history and firsthand accounts gives readers a glimpse at the roots of mental health These vignettes are born of the personal stories of those who worked at these facilities those who were institutionalized and their families The authors took the time to listen to their stories and endeavored to understand their pasts and recognize how these events continue to influence the mental health industry today Pictured throughout are the physical relics of the places the now largely abandoned asylums where these stories unfurled **Who's who in America** John W. Leonard,Albert Nelson Marquis,1928 Vols 28 30 accompanied by separately published parts with title Indices and necrology
