Marcel A. Müller

Between Sex And Power Between Sex And Power:

Between Sex and Power Göran Therborn, 2004 The institution of the family changed hugely during the course of the twentieth century In this major new work Göran Therborn provides a global history and sociology of the family as an institution and of politics within the family focusing on three dimensions of family relations on the rights and powers of fathers and husbands on marriage cohabitation and extra marital sexuality and on population policy Therborn's empirical analysis uses a multi disciplinary approach to show how the major family systems of the world have been formed and developed Therborn concludes by assessing what changes the family might see during the next century This book will be essential reading for anybody with an interest in either the sociology or the history of the family *Power/Gender* H. Lorraine Radtke, Henderikus J. Stam, Professor Henderikus J Stam, 1994-01-01 This book investigates the complex strands that inextricably link gender and power relations demonstrating how gender is constructed through the practices of power The contributors argue that female and male are shaped not only at the micro level of everyday social interaction but also at the macro level where social institutions control and regulate the practice of gender *Power/Gender* explores how theorizing on power is affected when gender is taken into account post Foucauldian theory of gender and power whether it is possible to separate gender and power the connections between gender and the practice of power in political contexts and how these connections work in the specific contexts of women's lives and whether the construction of sex or gender is an expression of power relations **Sex, Power, Conflict : Evolutionary and Feminist Perspectives** Ann Arbor David M. Buss Professor of Psychology University of Michigan, Los Angeles Neil Malamuth Professor of Communication and Psychology and Chair of the Department of Communication and Speech University of California, 1996-03-21 Sexual harassment in the workplace date rape and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes Concurrently the scientific community is conducting research in topics of sex and gender issues Indeed more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences Despite this attention it is clear that these issues are being addressed from two essentially different perspectives one is labeled feminist while the other viewed as antithetical to the feminist movement is called evolutionary psychology which emphasizes the history of reproductive strategies in understanding conflict between the sexes This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other The editors overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences then provide an integration and synthesis In fact several of the contributors to this unique volume consider themselves advocates of both approaches As a stimulating presentation of the dynamics of sex power and conflict and a pioneering rapprochement of the diverse tendencies within the scientific community this book will attract a wide audience in both psychology and women's studies fields **Sex, Freedom, and Power in Imperial Germany, 1880-1914** Edward Ross Dickinson, 2014-02-17 This is

a study of debate over sexuality and sexual morality that roiled politics in Germany between 1880 and 1914 All parties involved understood it to be a debate over the most fundamental question of modern political life how to secure both national power and individual freedom in the context of rapid social and cultural change **Sex, Power and the Games** K.

Woodward,2012-06-12 This book explores the social and cultural impact of the Olympic Games examining gender and sport the inequalities between nations and people and at what the Games offer and how they are changing in relation to spectacles spectatorship and culture including the links between art and sport **Sexuality, Intimacy, Power** Muriel

Dimen,2013-06-17 Can contemporary psychoanalysis tell us anything about sexuality that is new and clinically meaningful It most certainly can answers Muriel Dimen in *Sexuality Intimacy Power* a compelling attempt to revivify Freud's core interest in sexual impulses in the ordinary sense of the term But there is nothing ordinary about Dimen's project Drawing on contemporary relational theory feminism and postmodernism she takes a sustained sometimes irreverent look at assumptions about psychosexuality For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud's writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between Lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re-visioning of psychosexuality benefits therapists and patients alike Mixing medium and message Dimen draws on a variety of disciplines and styles to delineate the ambiguities contradictions and paradoxes that subtend sexuality in all its personal and clinical complexity A brilliant example of contemporary psychoanalytic theory at its destabilizing best *Sexuality Intimacy Power* is equally a historical document that will intrigue and enlighten students of women's gender and queer studies **Confronting Power and Sex in the Catholic Church**

Geoffrey Robinson,2008 Drawing on his own experience in responding to abuse Bishop Geoffrey Robinson methodically offers a critique of the church's use and misuse of power from the pope proclaiming infallibly down to the preacher claiming a divine authority for every word spoken from the pulpit Going back to the Bible and above all to the teaching of Jesus he presents an approach to sexual morality that is profound compassionate and people centered He stresses the priority of the hierarchy of holiness over the hierarchy of power He offers nothing less than a vision for a church of the third millennium a church that wants to see in its members the responsibility appropriate to adults rather than the obedience appropriate to children and wants to help all people to grow to become all they are capable of being You will love or hate this book but not be able to remain neutral Through the story of sexual abuse and the church's response I came to the unshakeable belief that

within the Catholic Church there absolutely must be profound and enduring change In particular there must be change on the two subjects of power and sex From the Introduction Bishop Geoffrey Robinson who has degrees in philosophy theology and church law was Auxiliary Bishop in the Archdiocese of Sydney from 1984 until his retirement in 2004 In 1994 he was elected by the Australian Bishops to the National Committee for professional Standards coordinating the response of the Catholic Church in Australia to revelations of sexual abuse and from 1997 until 2003 he was cochairman of this committee
