Peter Westoby

Between Man And Man Routledge Classics:

Between Man and Man Martin Buber, 2002 Martin Buber believed that life's deepest truth lies in human relationships In this classic work he puts this belief into practice applying it to the concrete problems of contemporary society **The Undiscovered Self** C.G. Jung, 2014-12-18 In *The Undiscovered Self* Jung explains the essence of his teaching for a readership unfamiliar with his ideas He highlights the importance of individual responsibility and freedom in the context of today's mass society and argues that individuals must organize themselves as effectively as the organized mass if they are to resist joining it To help them achieve this he sets out his influential programme for achieving self understanding and self realization *The Undiscovered Self* is a book that will awaken many individuals to the new life of the self that Jung visualized

The Value of the Particular: Lessons from Judaism and the Modern Jewish Experience Michael Zank, Ingrid Anderson, 2015-04-14 In this tribute to Steven T Katz on the occasion of his seventieth birthday Michael Zank and Ingrid Anderson present sixteen original essays written by senior and junior scholars in comparative religion philosophy of religion modern Judaism and theology after the Holocaust fields of inquiry where Steven Katz made major contributions over the course of his distinguished scholarly career The authors of this volume specialists in Jewish history especially the modern experience and Jewish thought from the Bible to Buber offer theoretical and practical observations on the value of the particular Contributions range from Tim Knepper's reevaluation of the ineffability discourse to the particulars of the *Settlement Cookbook* examined by Nora Rubel as an American classic **Touch in the Helping Professions** Martin Rovers, Judith Malette, Manal Guirguis-Younger, 2018-04-10 Touch may well be one of the least understood or talked about subjects in the helping professions A discussion on the importance and ethics of positive caring and appropriate touch in professions such as teaching nursing and counselling is long overdue *Touch in the Helping Professions* delivers just that weaving together scholarly evidence research and clinical practice from a wide range of perspectives encompassing philosophy theology psychology and anthropology to challenge assumptions about the role of touch in the helping professions The contributors to the volume focus not only on the overarching roles of gender age culture and life experience but go beyond to encompass canine assisted therapy touch deprivation sacred objects as well as key ethical considerations The prevailing lack of dialogue due to fear of contravening ethical boundaries has stood in the way of an open and responsible discussion on the use of touch in therapy *Touch in the Helping Professions* is a welcome and much needed contribution to the field a window onto a fundamental need This book is published in English Cet ouvrage offre un ensemble de données probantes et de résultats cliniques l'appui du toucher dans le développement physique et motionnel Il est structuré selon trois axes la théorie sur le toucher la pratique du toucher dans un contexte de thérapie et les questions éthiques Il aborde la question du rôle du genre de l'âge de la culture et de l'expérience de vie des sujets comme la zoothérapie la privation sensorielle des objets sacrés et des considérations d'ordre éthique Les approches variées philosophie théologie psychologie

anthropologie remettent en question les pr suppositions offrent un contexte historico culturel professionnel et font appel des donn es primaires Les collaborateurs soutiennent que le toucher sain et non sexuel n est pas suffisamment enseign dans le cadre de la formation professionnelle Cette absence de dialogue engendr e par la crainte de d passer des bornes thiques fait en sorte qu une discussion ouverte et responsable sur l utilisation du toucher dans un cadre th rapeutique ne peut avoir lieu alors m me qu elle contribuerait aux balises th oriques de notre compr hension de cet enjeu fondamental Ce livre est publi en anglais

Possibility of Interreligious Dialogue Michael H. Mitias, 2021-04-22 Is dialogue between the major religions of the world possible If it is possible under what conditions In this book Michael H Mitias argues that it is possible provided various conditions are met These conditions include mutual respect mutual understanding and God centeredness First how can a religion that is unusually complex composed of a doctrine founded in a unique divine revelation a leadership class of theologians teachers clergy and administrators and a community across global cultures show uniform respect to another religion How can a complex institution like a religion truly understand another religion Third can the different religions worship the same God if their conceptions of God are based on their unique doctrines Mitias addresses these questions and argues that it is possible for religions to respect and understand one another Further he argues that the different conceptions of God are necessarily founded in a belief in the existence of a transcendent infinite and wise being
