Basilica R. A. Scotti, 2007-05-29 In this dramatic journey through religious and artistic history R A Scotti traces the defining event of a glorious epoch the building of St Peter's Basilica Begun by the ferociously ambitious Pope Julius II in 1506 the endeavor would span two tumultuous centuries challenge the greatest Renaissance masters Michelangelo Raphael and Bramante and enrage Martin Luther By the time it was completed Shakespeare had written all of his plays the Mayflower had reached Plymouth and Rome had risen with its astounding basilica to become Europe's holy metropolis A dazzling portrait of human achievement and excess *Basilica* is a triumph of historical writing *Basilica: the Splendor and the Scandal* R. A. Scotti, 2008-08-01

In 1506 the ambitious Renaissance pope Julius II laid the foundation of a new St Peter's Basilica that would be the defining event of the epoch To build his grand church the pope razed the most sacred shrine in Europe the original St Peter's erected by the emperor Constantine more than a millennium before Here Scotti takes us through the construction of the new basilica an endeavor that spanned two centuries and was marred by intrigues assassination attempts decadence and a sack of Rome The popes who built St Peter's coaxed and commanded the greatest work from the giants of the Renaissance and Baroque Michelangelo Bramante and his protégé Raphael the architect Giacomo della Porta and the prodigy Bernini *Illus* Love Is a Journey Mo Guernon, 2025-05-06 *Love is a Journey* is the remarkable story of Albino Luciani known to the world as Pope John Paul I from his harrowing birth to his tragic death just 33 days into his 1978 pontificate the shortest pontificate in history After years of dedicated archival research and after interviewing dozens of figures in the Catholic hierarchy as well as Pope John Paul I's niece author Mo Guernon explores Luciani's family history personality and character to reveal the very essence of the man who became known as the Smiling Pope Guernon analyzes Luciani's major public pronouncements and his most significant writings which shed considerable light on his fundamental beliefs and worldview In the concluding chapters of the book Guernon assesses Pope John Paul I's legacy and journey toward sainthood and the beguiling question of how the Catholic Church might have evolved had his pontificate endured through the 1980s and beyond The events of Luciani's life are so compelling so remarkable so fast moving that the narrative reads like a novel Guernon paints a multi-dimensional portrait of the man that prominently displays his virtues and shortcomings successes and failures heroic deeds and personal doubts about his own courage He highlights Luciani's progressive views of issues of his time the crises in his personal and priestly life his discomfort with the spotlight and his anxiety about succeeding the popular Pope Paul VI the relative simplicity of his inauguration as pope and the unprecedented power he wielded on those with whom he came into contact both personally and through the mass media Above all Guernon attempts to capture the pope's mysterious ability to engender love among people of all faiths and nonbelievers too with his inimitable humility and almost divine smile A striking example of his influence came from punk rocker Patti Smith who was so enamored of Luciani that she wrote a song about the pope and dedicated her 1979 album *Wave* to him Pope John Paul I's

impact on the world during his 33 day pontificate was simultaneously profound and perplexing and until now underappreciated In little more than a month the Luciani dazzled people of all ages races and nations while modernizing the papacy and establishing an ambitious agenda for promoting peace and dialogue among all peoples a program subsequently carried out by his successors particularly Pope Francis And in fact Pope Francis established the Vatican Pope John Paul I Foundation in memory of his beloved mentor Never has a world leader accomplished so much in so little time **The Papacy Since 1500** James Corkery, Thomas Worcester, 2010-08-12 Structured by detailed studies of significant Popes these essays explore the evolution of the papacy in the last 500 years **Read On...History** Tina Frolund, 2013-10-21 Make history come alive This book helps librarians and teachers as well as readers themselves find books they will enjoy titles that will animate and explain the past entertain and expand their minds This invaluable resource offers reading lists of contemporary and classic non fiction history books and historical fiction covering all time periods throughout the world and including practically all manner of human endeavors Every book included is hand selected as an entertaining and enlightening read Organized by appeal characteristics this book will help readers zero in on the history books they will like best for instance titles that emphasize character tell a specific type of historical story convey a mood or are presented in a particular setting Every book listed has been recommended based on the author s research and has proved to be a satisfying and worthwhile read **Making Sense of Monuments** Michael J. Michelangelo Miles J. Unger,2015-07-21 Among the immortals Leonardo Rembrandt Picasso Michelangelo stands alone as a master of painting sculpture and architecture He was not only the greatest artist in an age of giants but a man who reinvented the practice of art itself Throughout his long career he clashed with patrons by insisting that he had no master but his own demanding muse and promoting the novel idea that it was the artist rather than the lord who paid for it who was creative force behind the work This is the life of perhaps the most famous most revolutionary artist in history told through the stories of six of his magnificent masterpieces
