Behaviour In Organizations Canadian Edition 2nd Edition:

Organizational Behaviour in a Global Context Albert J. Mills, Jean C. Helm Mills, John Bratton, Carolyn Forshaw, 2006-01-01

At last there is a lucid well written OB book which covers key issues required in OB teaching but which has a mind of its own. Students and faculty will recognize this is more than standard fare. Bill Cooke, Manchester Business School. *The Military Leadership Handbook* Bernd Horn, Robert W. Walker, 2008-09-29. In the simplest of terms leadership is about influencing people to achieve an objective that is important to the leader, the group and the organization. It is the human element leading, motivating and inspiring, particularly during times of crisis, chaos and complexity when directives, policy statements and communiques have little effect on cold, exhausted and stressed followers. Strong leadership encourages subordinates to go beyond the obligation to obey and commit to the mission in a way that maximizes their potential. *The Military Leadership Handbook* is a concise and complete manual that identifies, describes and explains all those concepts, components and ideas that deal with or directly relate to military leadership. The book is a comprehensive compendium that focuses on, among other subjects, cohesion, command, cultural intelligence, discipline, fear and trust. This applied manual provides invaluable assistance to anyone who wishes to acquire a better understanding of both the theory and application of military leadership.

Handbook of Research on Management and Organizational History Kyle Bruce, 2020-04-24. Emerging from what was a somewhat staid sub discipline, there is currently a battle for the soul of Management and Organizational History (MOH) at the centre of which is a widespread concern that much recent work has been more about how one should or might do history rather than actually doing historical work. If ever there was a time for a new volume on MOH, this is certainly it.
