The Scene of Foreplay Giulia Palladini, 2017-07-15 The Scene of Foreplay Theater Labor and Leisure in 1960s New York suggests foreplay as a theoretical framework for understanding a particular mode of performance production That mode exists outside of predetermined structures of recognition in terms of professionalism artistic achievement and a logic of eventfulness Foreplay denotes a peculiar way of working and inhabiting time in performance It is recognized as emblematic of a constellation of artists in the 1960s New York scene including Ellen Stewart John Vaccaro Ruby Lynn Reyner Jackie Curtis Andy Warhol Tom Eyen Jack Smith and Penny Arcade Matching an original approach to historical materials and theoretical reflection Palladini addresses the peculiar forms of production reproduction and consumption developed in the 1960s as labors of love creating for artists a condition of preliminarity toward professional work and also functioning as a counterforce within productive economy as a prelude where value is not yet assigned to labor The Scene of Foreplay proposes that such labors of love can be considered both as paradigmatic for contemporary forms of precarious labor and also resonating with echoes from marginal histories of the performing arts in a nonlinear genealogy of queer resistance to ideas of capitalist productivity and professionalism The book offers much for those interested in performance theory as well as in the history of theater and performance arts in the 1960s
