

## REEXAMINATION OF AN HISTORIC UFO CASE!

### Behind The Flying Saucers And The Truth About The Aztec UFO Crash!

Were sixteen alien bodies recovered from a dome-shaped device that crashed near the town of Aztec, NM circa 1948? Why does the FBI continue to withhold 200 pages of classified material on the case for alleged "national security reasons?" Was the incident covered up with a camouflaged "front story" presided over by con men and scam artists, who were perhaps in the government's pay? Did President Eisenhower

make contact with aliens around the same time, thus adding weight to this and other UFO crash cases?

When Variety columnist Frank Scully's *BEHIND THE FLYING SAUCERS* burst upon the literary scene in 1950, it was an immediate bestseller, but also shrouded in a controversy that has lasted for over half a century.

It was the first hardback, nonfiction book on what were then the relatively new subjects of UFOs, crashed saucers and a conspiracy to cover up the truth that the government was clearly engaged in at the highest levels, especially in regard to crash retrievals. Scully was a respected journalist, the kind of trustworthy reporter that people could feel confident in revealing their secrets to, and was thus able to provide a lot of insider information on the apparent alien invasion that had people everywhere watching the skies.

The Conspiracy Journal is very proud to offer this expanded version of perhaps the most seminal book in the history of the unexplained. . . a case that now stands right beside the UFO crash at Roswell, NM for its credibility and veracity. For years the Aztec case was spurned by serious researchers who did not have access to all the information now available on the crash. In addition to reprinting the entire, unabridged, text to the rare 50's Scully book (reset in an easy to read style), journalist Sean Casteel has dug deep to provide the reader with an updated account of what really transpired outside this isolated desert town near the Four Corners. His up to date research on the Aztec case is presented through interviews with top investigators like Nick Redfern, Scott and Suzanne Ramsey, Stanton Friedman and Art Campbell.
