Regarding Life Belinda Smaill,2016-09-21 Contends that the narrative and aesthetic qualities of the documentary genre enable new understandings of animals and animal human relationships As indicated by the success of such films as March of the Penguins and Food Inc the documentary has become the preeminent format for rendering animals and nature onscreen In Regarding Life Belinda Smaill brings together examples from a broad array of moving image contexts including wildlife film and television advocacy documentary avant garde nonfiction and new media to identify a new documentary terrain in which the representation of animals in the wild and in industrial settings is becoming markedly more complex and increasingly more involved with pivotal ecological debates over species loss food production and science While attending to some of the most discussed documentaries of the last two decades including Grizzly Man Food Inc Sweetgrass Our Daily Bread and Darwin's Nightmare the book also draws on lesser known film examples and is one of the first to bring film studies

understandings to new media such as YouTube The result is a study that melds film studies and animal studies to explore how documentary films render both humans and animals and to what political ends A brilliant cogent and timely look at the intersection of animals the environment food and the people who enjoy and consume them This is the most solid book on film I have read in quite a while and it will be taken up with much enthusiasm by documentary scholars animal rights activists eco warriors and a broad public that is interested in one or another or all of the subjects covered here David Desser author of American Jewish Filmmakers Second Edition
