Betrayals Fort William Henry And The Massacre:

Betrayals Ian K. Steele, 1990-07-26 On the morning of August 9 1757 British and colonial officers defending the besieged Fort William Henry surrendered to French forces accepting the generous parole of honor offered by General Montcalm As the column of British and colonials marched with their families and servants to Fort Edward some miles south they were set upon by the Indian allies of the French The resulting massacre thought to be one of the bloodiest days of the French and Indian War became forever ingrained in American myth by James Fenimore Cooper s classic novel The Last of the Mohicans In **Betrayals** historian Ian K Steele gives us the true story behind Cooper s famous book bringing to life men such as British commander of Fort William Henry George Monro English General Webb his French counterpart Montcalm and the wild frontier world of Natty Bumppo The Battle of Lake George and the building of the fort marked the return of European military involvement in intercolonial wars producing an explosive mixture of the contending martial values of Indians colonials and European regulars The Americans and British who were attacked after surrendering as well as French officers and their Indian allies the latter enraged by the small amount of English booty allowed them by the French all felt deeply betrayed Contemporary accounts of the victims whose identities Steele has carefully reconstructed from newly discovered sources helped to create a powerful racist American folk memory that still resonates today Survivors included men and women who were adopted into Indian tribes sold to Canadians in a well established white servant trade or jailed in Canada or France as prisoners of war Explaining the motives for the most notorious massacre of the colonial period Steele offers a gripping tale of a fledgling America one which places the tragic events of the Seven Years War in a fresh historical context Anyone interested in the fact behind the fiction will find it fascinating reading

Betrayals : Fort William Henry and the massacre Ian Kenneth Steele, 1993

White Devil Stephen Brumwell, 2024-09-24 This account of the St Francis Raid during the French and Indian war is a fast moving tale of courage cruelty hardship and savagery Pittsburgh Post Gazette In North America s first major conflict known today as the French and Indian War France and England both in alliance with Native American tribes fought each other in a series of bloody battles and terrifying raids No confrontation was more brutal and notorious than the massacre of the British garrison of Fort William Henry an incident memorably depicted in James Fenimore Cooper s The Last of the Mohicans That atrocity stoked calls for revenge and the tough young Major Robert Rogers and his Rangers were ordered north into enemy territory to exact it On the morning of October 4 1759 Rogers and his men surprised the Abenaki Indian village of St Francis slaughtering its sleeping inhabitants without mercy A nightmarish retreat followed When after terrible hardships the raiders finally returned to safety they were hailed as heroes by the colonists and their leader was immortalized as the brave Major Rogers But the Abenakis remembered Rogers differently To them he was Wobomagonda White Devil Provides an impressive insight into an important historical period usually given short shrift in the classroom An exciting read Kliatt Long overdue scholarly treatment Brumwell s narrative is fluid well paced and sprinkled

with intriguing details Evidence of his painstaking research is presented Book Review Digest Brumwell writes well His narrative is fluid well paced and sprinkled with intriguing details Canadian Historical Review *The Legacy of Fort William Henry* David R. Starbuck,2014-06-03 Fort William Henry America s early frontier fort at the southern end of Lake George New York was a flashpoint for conflict between the British and French empires in America The fort is perhaps best known as the site of a massacre of British soldiers by Native Americans allied with the French that took place in 1757 Over the past decade new and exciting archeological findings in tandem with modern forensic methods have changed our view of life at the fort prior to the massacre by providing physical evidence of the role that Native Americans played on both sides of the conflict Intertwining recent revelations with those of the past Starbuck creates a lively narrative beginning with the earliest Native American settlement on Lake George He pays special attention to the fort itself its reconstruction in the 1950s the major discoveries of the 1990s and the archeological disclosures of the past few years He further discusses the importance of forensic anthropology in uncovering the secrets of the past reviews key artifacts discovered at the fort and considers the relevance of Fort William Henry and its history in the twenty first century Three appendixes treat exhibits since the 1950s foodways and General Daniel Webb s surrender letter of August 17 1757 **Frontier Forts Under Fire** Paul

Williams,2017-09-19 Fort William Henry and Fort Phil Kearny were both military outposts of the North American frontier Both lasted but briefly about two years from construction until their walls went up in flames And both saw what were termed massacres by Indians outside their walls This book reexamines the traumatic events at both forts The Fort William Henry Massacre was condemned by both the British and the French as barbaric Yet these European powers proved capable of similar crimes The Fort Phil Kearny defeat traditionally attributed to Captain William Fetterman s having disobeyed orders has been scrutinized in recent years Did the women present at that time write a distorted version of events It would appear that his second in command the rash Lieutenant George Grummond led the charge over Lodge Trail Ridge Or did he

English Atlantics Revisited Nancy L. Rhoden,2007-08-09 Ian K Steele s pioneering work in imperial and early North American history was a pivotal contribution to the establishment of Atlantic history as a field His study of a unified English and later British Atlantic challenged American exceptionalism and encouraged the current wave of interest in Atlantic studies

The First Global War William Nester,2000-02-28 By 1756 the wilderness war for control of North America that erupted two years earlier between France and England had expanded into a global struggle among all of Europe s Great Powers Its land and sea battles raged across the North American continent engulfed Europe and India and stretched from the Atlantic to the Mediterranean Indian and Pacific waters The new conflict now commonly known as the Seven Years War of 1756 1763 was a direct continuation of the last French and Indian War This study explores the North American campaigns in relation to events elsewhere in the world from the ministries of Whitehall and Versailles to the land and sea battles in Europe Africa South Asia and the Caribbean Few wars have had a more decisive effect on international relations and national development

The French and Indian War resulted in France's expulsion from almost all of the Western Hemisphere except for some tiny islands in the Caribbean and St. Lawrence. Britain emerged as the world's dominant sea power and would remain so for two centuries. Finally, within a generation or two, the vast debts incurred by Whitehall and Versailles in waging this war would help to stimulate revolutions in America and France that would forever change world history.

The European Invasion of North America Michael G. Laramie, 2012-04-25 This comprehensive resource follows the pivotal and often overlooked efforts of the Iroquois Confederacy, the Dutch, the French, and the English colonies to control the strategic waterways of the Hudson-Champlain corridor from their discovery to the fall of New France. From Champlain and Hudson's initial voyages some 400 years ago to the surrender of Montreal in 1760, *The European Invasion of North America: Colonial Conflict Along the Hudson-Champlain Corridor, 1609-1760* offers unprecedented coverage of the 150-year struggle between New World rivals along this natural invasion route, a struggle which would ultimately determine the destiny of North America. Unlike other volumes on this period, *The European Invasion of North America* includes extensive coverage from the French and Dutch as well as British perspectives, examining events in the context of larger colonial confrontations. Drawing on hundreds of firsthand accounts, it recaps political maneuvers and blunders, military successes and failures, and the remarkable people behind them: all cabinet ministers in Paris, Amsterdam, and London; colonial leaders such as Stuyvesant, Frontenac, and Montcalm; shrewd diplomats of the Iroquois Confederacy; and soldiers and families on all sides of the conflict. It also highlights the growing friction between Britain and her American colonies, which would soon lead to a different war.

Don Troiani's Black Soldiers in America's Wars: 1754-1865 John U. Rees, 2025-01-21 Using a masterful combination of artistry and accuracy, Don Troiani has dedicated his career to transforming our understanding of the military soldier. Don now turns his talents to capturing the under-recognized African American soldiers as they fought in the French and Indian War, the War of Independence, the War of 1812, and the American Civil War. Don's battle paintings, figure studies, and artifact collection are teamed with historian John Rees's insightful text. This long-needed work combines Troiani's magnificent art, the dramatic battle paintings, and authentically illustrated uniformed soldier studies with Rees's introductory chapters on the four wars. Using primary sources, Rees gives a true picture of the contributions of the many Black soldiers over the 100-year history. Together, Troiani and Rees provide the most comprehensive, authoritative, and well-researched study of the Black soldier in early America.

Colonial Wars of North America, 1512-1763 (Routledge Revivals) Alan Gallay, 2015-06-11 First published in 1996, this encyclopedia is a comprehensive reference resource that pulls together a vast amount of material on a rich historical era, presenting it in a balanced way that offers hard-to-find facts and detailed information. The volume was the first encyclopedic account of the United States colonial military experience. It features 650 essays by more than 130 historians, archaeologists, anthropologists, geographers, and other scholarly experts on a variety of topics that cover all of colonial America's diverse peoples. In addition to wars, battles, and treaties, analytical essays explore the diplomatic and

military history of over 50 Native American groups as well as Dutch English French Spanish and Swiss colonies It s the first source to consult for the political activities of an Indian nation the details about the disposition of forces in a battle or the significance of a fort to its size location and strength In addition to its reference capabilities the book s detailed material has been and will continue to be highly useful to students as a supplementary text and as a handy source for reporters and papers
