Between Two Horizons Spanning New Testament Studies And Systematic Theology:

Between Two Horizons Joel B. Green, Max Turner, 2000 This book constructively explores the question What effects should an interest in theology produce in the reading of Scripture Since the onset of historical consciousness in biblical studies over two centuries ago the work of biblical exegetes and systematic theologians have largely followed two paths In this book nine prominent scholars work to bridge the longstanding gap between biblical studies and theology by concentrating on the nature of a biblical hermeneutics approach to doing theology The range of concerns presented by these scholars seeks to reintegrate biblical exegesis with contemporary theology in the service of the church

The New Heaven and New Earth Raymond R. Hausoul, 2020-04-09 There is a growing focus on the Christian confession of God's completed kingdom the new heaven and the new earth This theme has time and again seduced people into elaborate fantasies that stimulated the senses How can we talk about it meaningfully Raymond R Hausoul relates systematic theology to biblical theology by comparing three theologians the Catholic theologian Karl Rahner the Protestant Jurgen Moltmann and the Reformed Gregory Beale This leads to reflections on differences between matter space and time of the new heaven and new earth and those of our present reality The hope for renewal and resurrection is thus linked to the prophecies of the new Jerusalem the tree of life and the resurrection body

The Bible and the Crisis of Meaning Christopher Spinks, 2007-08-30 Many of the most pressing issues in theology and the church today depend greatly on the understanding of the bible Recent debates on the theological interpretation of scripture have emerged which consider whether the meaning of scripture should concern theologians and church leaders at all The Bible and the Crisis of Meaning is an account of these debates in examining the concept of meaning in current proposals of theological interpretation The concept of meaning is deduced either from the supposed nature of the texts and their authors or from the function of the texts in religious communities Thus approaches to theological interpretation become debates between ontological and pragmatic strategists Stephen Fowl and Kevin Vanhoozer have embraced the term theological interpretation for their separate projects but their ideas of what this means and how meaning is a part of it differ greatly Christopher Spinks describes their respective concepts of meaning and argues for a more holistic concept that allows theological interpreters to understand their craft not so much as a discovery of intentions or the creation of interests but as a conversation in which truth is mediated

Understanding the New Testament Use of the Old Testament Douglas S. Huffman, 2024-10-15 This up to date introduction to the study of the New Testament's use of the Old Testament surveys the current state of the discipline summarizes the scholarly conversation illuminates the New Testament writers' respect for Old Testament contexts proposes advances in classification and terminology and provides resources for further work in the field New Testament scholar Douglas Huffman suggests a way beyond the impasse concerning the terminology used by scholars in the discipline He offers a new approach to identifying and interpreting Old Testament quotations allusions and echoes by exploring not just the forms but also the features

framings and functions of the New Testament use of the Old Testament Huffman demonstrates the advantages of his approach by analyzing how the Old Testament is used in Luke Acts and thus provides a model that can be applied to other New Testament authors use of Old Testament Scripture Professors and students of the Bible scholars and pastors will value this work *What is it that the Scripture Says?* Philip McCosker, 2006-01-01 A volume of essays that celebrate and pay tribute to the enormous contribution to scriptural studies that Henry Wansbrough has made over the last 50 years

Theological Interpretation of Scripture Stephen E. Fowl, 2009-08-01 Christians have been interpreting Scripture with an aim of deepening their life with God and each other from the very beginning of the church The past twenty years or so have witnessed an explosion of scholarly writing devoted to the theological interpretation of Scripture Stephen Fowl as an active participant in and contributor to the burgeoning literature has written an ideal companion for guests at the large and somewhat chaotic party introducing them to important people texts and issues The companion explores some of the connections between the long running and essential Christian practice of theological interpretation and the more recent body of scholarly literature Ultimately the companion hopes to encourage readers to join the party in their own right Reading the New Testament in the Manifold Contexts of a Globalized World Eve-Marie Becker, Jens Herzer, Angela Standhartinger, Florian Wilk, 2022-12-12 This volume gathers the perspectives of teachers in higher education from all over the world on the topic of New Testament scholarship The goal is to understand and describe the contexts and conditions under which New Testament research is carried out throughout the world This endeavor should serve as a catalyst for new initiatives and the development of questions that determine the future directions of New Testament scholarship At the same time it is intended to raise awareness of the global dimensions of New Testament scholarship especially in relation to its impact on socio political debates The occasion for these reflections are not least the present questions that have been posed with the corona pandemic and have received a focus on the system relevance of churches which is openly questioned by the media The church and theology must face this challenge Towards that end it is important to gather impulses and suggestions for the discipline from a variety of contexts in which different dimensions of context related New Testament research come to the fore The Christological Witness Function of the Old Testament Characters in the Gospel of John Sanghee M. Ahn, 2014-06-16 This book investigates the narrative function of the Old Testament characters in the Gospel of John The intriguing thesis is that the Hebrew characters in John s narrative uniformly function as a witness for the messianic identity of Jesus The Jewish scriptural traditions Hebrew and intertestamental ones are compared to shed light on John s indebtedness for its formation of his Christology A compelling argument ensues that informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel *Missiological Research* Marvin Gilbert, Alan R. Johnson, Paul W. Lewis, 2018-01-15 Interdisciplinary Foundations Methods and Integration This comprehensive volume is one you will pull off your shelf again and again as you delve into missiological study The editors could not have made a more

thorough or straight forward volume that will serve researchers across disciplines Each chapter succinctly defines the method summarizes its process suggests resources for more advanced interaction and provides an exemplar journal article with abstract Features to look forward to include 13 significant issues in missiological research 8 theological frameworks defined 10 quantitative methods defined with examples 12 quantitative methods defined with examples 25 appendices of invaluable tools from quotable citable information to open access journals interview techniques and so much more Enjoy the benefits of 14 veteran practitioner scholars who provide clear and concise guidance to empirical research methodology biblical theological inquiry and the integration of the two interdisciplinary approaches **Why the Church?** Dr. Robert W. Wall, 2015-03-17 Given the way many in the West have read the New Testament in the last century the church might be regarded as an afterthought at best But at the worst it can be viewed as an unnecessary perhaps even problematic institutionalization of genuine faith especially in our post denominational context These perspectives fly in the face of the robust ecclesiological concerns and commitments of the New Testament documents when read as witnesses from to and for congregations of God s people For Wall the problem is spiritual because fewer go to find God in church Why the church Because this peculiar fellowship of saints whose loving communion is with the risen One has been appointed by the triune God as God s herald With its sacred vocation every demonstration of the church s oneness holiness catholicity and apostolicity each eschatological mark enabled and brought to maturity by God s grace is the concrete means to address our theological crisis This book will contribute to New Testament studies but also serve related discussions in theology and church history Reframing New Testament Theology is a series that fulfills the need for brief substantive yet highly accessible introductions to central questions and themes raised by New Testament study
