Beyond Left And Right Helping Christians Make Sense Of American Politics:

Beyond Left and Right Amy E. Black, 2008 The 2008 U S presidential election is already heating up fueled by debates about religion and politics and dividing people of faith Many Christians want to engage in politics but feel underequipped and overwhelmed Wheaton College political scientist Amy E Black believes Christians must become politically educated not stereotyped and polarized *Beyond Left and Right* offers a complete guide to the inner workings of American politics equipping readers to think intelligently and to actively engage politics with their faith Black is intentionally unbiased and avoids fleeting hot button issues ensuring the staying power of *Beyond Left and Right* even after the election dust settles Recommended for Christians and students interested in faith and politics *Politics Christianity Today*

Intl., Zondervan, 2008-10-07 The *Christian Today Study Series* delves into today's vital cultural issues to get to the heart of what these topics mean to you Each 8 week study is based on articles written by some of today's leading Christian authors and published by the *Christianity Today* magazines These remarkable studies will foster deep authentic and relevant discussion that will challenge and grow any small group *Politics Government* will take on a variety of topics such as Christians and Political Involvement Is America a Judeo Christian Country Separation of Church State Relying on Government or God Based on articles by a variety of authors such as Andy Crouch Leith Anderson Tony Campolo

Everything You Know about Evangelicals Is Wrong (Well, Almost Everything) Steve Wilkens, Don Thorsen, 2010-08-01 While evangelicals make up a significant portion of American society they still constitute a mystery for many They exert considerable influence on virtually every aspect of American life and culture yet by those who don't appreciate them they're seen as rednecks crypto fundamentalists and people without education Wilkens and Thorsen contend that evangelicals are tired of being caricatured and provide an insider's look at myths and realities surrounding the movement They winsomely and sometimes humorously assess the breadth and depth of evangelical beliefs values and practices arguing that evangelicalism is identifiable by a family resemblance vitality and relevance that transcends particular theological and political stereotypes that arise inside as well as outside of it The book provides a synthetic presentation of contemporary evangelical Christianity as well as critiques of it *Just Politics* Ronald J. Sider, 2012-09-01 Evangelicals today probably have more political influence in the United States than at any time in the last century but they might not be certain what to do with it It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal Bestselling author and theologian Ron Sider offers a biblically grounded factually rooted Christian approach to politics that cuts across ideological divides Shaped by a careful study of society this book will guide readers into more thoughtful and effective political activity It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate Practical balanced and nonpartisan this book will be a welcome resource during the 2012 presidential race This is a revised version of what was previously published as *The Scandal of Evangelical Politics* *The Forest and the Trees*

Richard A. Widder, Wendy Widder, 2008-03-01 Why do we have to learn this For as long as there have been students teachers have been answering this question but we haven't always answered it very well for our students or for ourselves We sometimes forget that everything we teach whether sacred or secular has value because it is part of God's truth and integrating that truth across the curriculum is what makes an education Christian This book from a father and daughter team of seasoned Christian educators offers a comprehensive biblically based presentation of integration Its goal is to help readers view all aspects of the curriculum within the framework of God's story as told from Genesis to Revelation By organizing subject areas under five broad categories nature people communication beauty and ultimate issues the authors demonstrate that each subject area flows from the biblical story Each chapter concludes with a summary of the truths presented a set of teacher tips and a list of additional resources

Catholics and Evangelicals for the Common Good Ronald J. Sider, John Borelli, 2018-11-07 For centuries evangelical Protestants and Catholics have hurled harsh epithets at each other But that has changed dramatically in the last forty years In 1960 many prominent evangelicals opposed John Kennedy for president because he was a Catholic Today Catholics and evangelicals work together on many issues of public policy This book records one important process in this transformation In 2004 the board of The National Association of Evangelicals NAE the largest representative body of evangelicals in the US unanimously approved For the Health of the Nation as the official public policy document for its public policy efforts representing 30 million evangelicals When scholars read this new ground breaking document they quickly realized there was widespread agreement between the NAE's official public policy document and the official public policy positions of American Catholics The result was a series of annual meetings held at Georgetown University and Eastern University that brought together prominent Catholic and Evangelical scholars and public policy specialists to explore the extent of the common ground This book reports on that dialogue and its contribution to the increasing Catholic evangelical cooperation

The Crucibles That Shape Us Gayle D. Beebe, 2024-05-07 Life's biggest setbacks and disasters can actually be essential passageways in our relationship with God and opportunities to grow in leadership In this illuminating guidebook Gayle D Beebe identifies seven crucibles powerful catalysts for transformation that when embraced shape us on our journey and become a bedrock for a better richer faith

Broken but Beautiful Joseph P. Conway, 2020-11-06 American church participation has plummeted in recent decades Abuse scandals and hypocrisy hang in the air Weekly I talk to friends and neighbors who have left church even as many still identify as Christians I get what they're saying When I consider the pain that so many have experienced in church life the body of Christ sure seems broken It's no wonder many don't find church to be worth it But maybe there's more to the story As a child my family experienced deep crisis I felt alone and vulnerable Into that void the church stepped in I discovered a family a people that have my back and forever changed my life Even now I see tangible ways the church works for the common good The church possesses a resilient beauty that continually pushes through the brokenness If we love Jesus we have to eventually ask what Jesus loves

Surprising to me at times Jesus loves the church despite her brokenness If we learn to see what Jesus sees we ll discover a powerful often untapped means towards human flourishing No other social group offers what the church offers Yes the church is broken but there s more She s beautiful Christ Across the Disciplines Roger Lundin,2013-10-03 In Christ across the Disciplines a group of distinguished scholars from across the theological spectrum explores the dynamic relationship between the Christian faith and the life of the mind Although the essays in this volume are rooted in a rich understanding of the past they focus primarily on how Christian students teachers and scholars might best meet the challenges of intellectual and cultural life in a global world This book ranges widely over the broad terrain of contemporary academic and cultural life covering such topics as the enormous growth of political activism in late twentieth century evangelicalism the dynamics of literature and faith in the African American experience the dramatic implications of globalization for those who profess Christ and practice the life of the mind and more **Instituted by God** Adam Murrell,2012-03-16 How would Jesus vote That s the one question people ask repeatedly and folks on both sides of the political aisle think they know the answer Into this overwhelmingly complex political question Adam Murrell brings a concise compelling and nonpartisan exploration of what God s Word has to say on a myriad of issues ranging from the role of civil government and single issue voting to the ethics of voting and a woman s role in politics Instituted by God isn t intended to tell you which candidate to support rather it offers you a wholly biblically centered way of looking at candidates to help you draw your own political conclusions This election season don t cast an uninformed vote that fails to reflect your Christian values Instead learn how to apply the teachings of the Bible your faith and your obedience to God to your ballot This timely helpful and daring book will enable you to do just that
