Adventures Among Books Andrew Andrew Lang, 2018-09-22 In an age of reminiscences is there room for the confessions of a veteran who remembers a great deal about books and very little about people I have often wondered that a Biographia Literaria has so seldom been attempted a biography or autobiography of a man in his relations with other minds Coleridge to be sure gave this name to a work of his but he wandered from his apparent purpose into a world of alien disquisitions The following pages are frankly bookish and to the bookish only do they appeal The habit of reading has been praised as a virtue and has been denounced as a vice *Adventures Among Books* Andrew Lang, 2009-01-01 In an age of reminiscences is there room for the confessions of a veteran who remembers a great deal about books and very little about people I have often wondered that a Biographia Literaria has so seldom been attempted a biography or autobiography of a man in his relations with other minds Excerpt *Adventures Among Books* Andrew Lang, 1905 **Andrew Lang** John Sloan, 2023 Andrew Lang was a Scottish critic poet novelist folklorist and compiler of fairy stories for young people This biography tells the story of his life and wider achievements providing a fascinating portrait of a man who lived one of the most productive lives in literature challenged specialism and sought to make knowledge available to all **The Quarterly Review** William Gifford, Sir John Taylor Coleridge, John Gibson Lockhart, Whitwell Elwin, William Macpherson, William Smith, Rowland Edmund Prothero (Baron Ernle), George Walter Prothero, 1905 *Adventures Among Books* Andrew Lang, 2021-03-05 People talk in novels about the delights of a first love One may venture to doubt whether everybody exactly knows which was his or her first love of men or women but about our first loves in books there can be no mistake They were and remain the dearest of all after boyhood the bloom is off the literary rye The first parcel of these garrulities ended when the author left school at about the age of seventeen One's literary equipment seems to have been then almost as complete as it ever will be one's tastes definitely formed one's favourites already chosen As long as we live we hope to read but we never can recapture the first fine careless rapture Besides one begins to write and that is fatal My own first essays were composed at school for other boys Not long ago the gentleman who was then our English master wrote to me informing me he was my earliest public and that he had never credited my younger brother with the essays which that unscrupulous lad I speak of him but brotherly was accustomed to present for his consideration On leaving school at seventeen I went to St Leonard's Hall in the University of St Andrews That is the oldest of Scotch universities and was founded by a papal bull St Leonard's Hall after having been a hospitium for pilgrims a home for old ladies about 1500 and a college in the University was now a kind of cross between a master's house at school and as before 1750 a college We had more liberty than schoolboys less than English undergraduates In the Scotch universities the men live scattered in lodgings and only recently at St Andrews have they begun to dine together in hall We had a common roof common dinners wore scarlet gowns possessed football and cricket clubs and started of course a kind of weekly magazine It was only a manuscript affair and was profusely illustrated For the only time in my life I was now an editor

under a sub editor who kept me up to my work and cut out my fine passages The editor's duty was to write most of the magazine to write essays reviews of books by the professors very severe novels 15 short stories poems translations also to illustrate these and to fag his friends for copy and drawings A deplorable flippancy seems as far as one remembers to have been the chief characteristic of the periodical flippancy and an abundant use of the supernatural These were the days of Lord Lytton's *Strange Story* which I continue to think a most satisfactory romance Inspired by Lord Lytton and aided by the University library I read Cornelius Agrippa Trithemius Petrus de Abano Michael Scott and struggled with Iamblichus and Plotinus

Heroes and Heroines of Fiction William S. Walsh, 1914 *The Poems of Andrew Lang* John Sloan, 2025-05-30

Andrew Lang 1844-1912 made his name in the last quarter of the Victorian era in a remarkable number of literary and intellectual fields as popular poet influential literary critic editor of the classic series of Fairy Books for the young and as author of groundbreaking books on anthropology Homeric scholarship folklore and history This is the first annotated edition of Lang's poems bringing together his books of verse and over 150 additional poems many of them collected for the first time John Sloan's introduction provides a compelling account of Lang's achievements as a poet whose first two books of verse *Ballads and Lyrics of Old France* and *Ballades in Blue China* were a harbinger of the English aesthetic movement Lang helped to create an abiding interest in French poetry and to encourage a new spirit of literary cosmopolitanism in England He also widened the appeal of poetry in an age of new knowledge advancing literacy and the growth of the popular press The authoritative text is accompanied by extensive notes identifying important allusions and significant connections between the poems and Lang's other writings In the headnote to each poem the reader will find a record of publication history textual variants and sources including details of the original sources of Lang's verse translations from the French Greek and Latin The edition offers an invaluable guide to the study of Lang's poetry for students and scholars of nineteenth century British poetry

The Review of Reviews William Thomas Stead, 1893 *Fantasy, Art and Life* William Gray, 2011-05-25 In part a sequel to his earlier *Death and Fantasy* William Gray's *Fantasy Art and Life* *Essays on George MacDonald Robert Louis Stevenson and Other Fantasy Writers* examines the ways in which Life in its various senses is affirmed explored and enhanced through the work of the creative imagination especially in fantasy literature The discussion includes a range of fantasy writers but focuses chiefly on two writers of the Victorian period George MacDonald and Robert Louis Stevenson whose Scottish and particularly Calvinist backgrounds deeply affected their engagement with what MacDonald called The Fantastic Imagination
