**Akira's Choice** Vijaya Schartz,2019 When bounty hunter Akira Karyudo accepted her assignment something didn't add up Why would the Galactic Trade Alliance want a young kidnapped orphan dead or alive She will get to the truth once she finds the boy and the no good SOB who snatched him from a psychiatric hospital With her cheetah Freckles a genetically enhanced feline retriever Akira sets out to flush them out of the bowels of the Byzantium space station But when she finds her fugitives the kidnapper is not what she expects Kazmo a decorated Resistance fighter stole his nephew from the authorities who performed painful experiments on the boy Stuck on Byzantium he protects the child but how can he shield him from the horribly dangerous conditions in the lawless sublevels of the space station Akira faces the worst moral dilemma of her career Law or justice duty or love She can't have it both ways Editorial Review Wow If readers want to see and feel and believe they are in deep space then Akira's Choice is the perfect choice With a touch of romance the vivid descriptions and beautifully developed characters masterfully presented by Schartz create a virtual world that invite the reader not merely to observe but to walk amongst them and participate This is a delicate art and Schartz wields her weapons with precision and skill Banzai 5 stars exceptional recommended read Ind tale Magazine A captivating story with interesting appealing characters Being a cat lover I found the relationship with its psychic element between Freckles and Shane absolutely captivating As always Ms Schartz's solid plot and crisply written prose incorporates a good blend of action and intrigue This story can easily stand alone but I believe you'll enjoy this exciting Sci Fi series much more if you start reading it from the beginning a must read for all fans of Sci Fi romance Go pick them up and settle into your favorite armchair for some entertaining reading 4.5 stars Manic Readers

*Manga* Eike Exner, 2025-08-04 A groundbreaking story of Japanese comics from their nineteenth century origins to the present day The immensely popular art form of manga or Japanese comics has made its mark across global pop culture influencing film visual art video games and more This book is the first to tell the history of comics in Japan as a single continuous story focusing on manga as multipanel cartoons that show stories rather than narrate them Eike Exner traces these cartoons gradual evolution from the 1890s until today culminating in manga s explosion in global popularity in the 2000s and the current shift from print periodicals to digital media and smartphone apps Over the course of this 130 year history Exner answers questions about the origins of Japanese comics the establishment of their distinctive visuals and how they became such a fundamental part of the Japanese publishing industry incorporating well known examples such as Dragon Ball and Sailor Moon as well as historical manga little known outside of Japan The book pays special attention to manga s structural development examining the roles played not only by star creators but also by editors and major publishers such as K dansha that embraced comics as a way of selling magazines to different often gendered readerships This engaging narrative presents extensive new research making it an essential read for enthusiasts and experts alike      **A Manual of the Missions of the Reformed (Dutch) Church in America** Reformed Church in America.
