Accounting Mary Carey, Cathy Knowles, 2020 Engaging and lively, clear and practical, this is the most applied accounting book written specifically for business and management students. Sam Smart is the budding entrepreneur on whom the case study at the heart of this book is based. Featured at the start of each chapter, we follow Sam as he goes from starting a small business printing sports kits for local teams to managing a global sports business. The wealth of additional examples and self-test exercises available alongside the case study enable students not only to develop an appreciation of how accounting information allows a manager to make key business decisions but also to acquire the skills necessary to enable them to converse with accountants and challenge their assumptions and methodologies. This book is accompanied by the following online resources: For Students: Multiple choice questions, Additional practice questions with answers, Flashcard glossary, Tables from the text. For Lecturers: Test bank, PowerPoint presentations, Solutions to end of part case studies, Additional end of part case studies with solutions, Assessment guide, Double entry chapters.
