Learning and Expanding with Activity Theory Anna Lisa Sannino, Annalisa Sannino, Harry Daniels, Kris D. Gutiérrez, 2009-08-17 This book is a collection about cultural historical activity theory as it has been developed and applied by Yrj Engestr m The work of Engestr m is both rooted in the legacy of Vygotsky and Leont ev and focuses on current research concerns that are related to learning and development in work practices His publications cross various disciplines and develop intermediate theoretical tools to deal with empirical questions In this volume Engestr m s work is used as a springboard to reflect on the question of the use appropriation and further development of the classic heritage within activity theory The book is structured as a discussion among senior scholars including Y Engestr m himself The work of the authors pushes on classical activity theory to address pressing issues and critical contradictions in local practices and larger social systems Activity Management and Reporting System United States.
