Third Series** Library of Congress. Copyright Office, 1972      *The Critical Response to Erskine Caldwell* Robert McDonald, 1997-08-26 Author of such classics of 20th century popular American literature as Tobacco Road 1932 and God s Little Acre 1933 Erskine Caldwell was something of a celebrity nearly all his life But he was also a serious writer one whose merits are as considerable as they remain underexplored In the 1930s he startled the literary world with his frank portrayals of the poor whites of the South Beginning

in the early 1940s critics grew suspicious that he had exhausted his originality and his talent In the late 1960s some scholars began an effort which continues intermittently today to reconsider Caldwell s achievement This collection of reviews critical essays and book excerpts provides a chronological portrait of the often contradictory and unfailingly colorful critical response to Caldwell from 1931 to the present The 57 pieces collected in this volume were chosen to represent all sides and perspectives in the evolving critical opinion of Caldwell s work The items are grouped in sections representing three chronological periods that encompass the prevailing critical moods concerning his writings the 1930s when readers of many persuasions found him promising and held out great hopes for his development 1940 to 1968 when increasing critical scrutiny led to his dismissal as a writer of significance and 1969 to the present when there have been several substantial efforts to reconsider Caldwell s achievement An introductory essay argues that Caldwell remains largely absent from our critical consciousness today because of a prevailing willingness among academics to rely on largely negative received opinions about his books in place of primary experience with them The introduction is followed by a chronology and the volume concludes with an extensive selected bibliography     *Scripts, Grooves, and Writing Machines* Lisa Gitelman,1999 The phonograph and the typewriter may be things of the past but this book will resonate with readers who are engaged daily with computer networks hypertexts and the forms that mass media will take in the new century BOOK JACKET     *The Vernacular Matters of American Literature* S. Lemke,2009-11-23 From this study of Mark Twain Zora Neale Hurston and Ana Castillo arises a new model for analyzing American literature that highlights commonalities one in which colloquial and lyrical style and content speak out against oppression
