This chronological systematic set of Nietzsche's works is the first ever bilingual Hauptwerke or complete major works of Nietzsche published in English the original German This work is often translated as The Dawn or the Dawn of Day This is a poor translation of the original title *Morgenröte* which refers to the reddening of the sky in the pre dawn hours *Morgenröte* the or *Morgenröte* in the modern spelling literally means Morning Red a unique German word referring to the reddening of the sky in the twilight hours before daybreak Rendering such as The Dawn of Day or just Daybreak but this misses the connotations of the word *Dämmerung* is dawn but *Morgenröte* is a specific phenomenon of the predawn eastern sky In Roman mythology there is a Goddess associated with the *Morgenröte* Aurora In Greek mythology Homer called this the rose fingered Eos This has continuity into Christianity as the Red Mass the beginning of two different antiphons in the liturgy of the Roman Catholic Church at Advent to celebrate Mary who is symbolized by the dawn traditionally celebrated in the pre dawn reddening of the sky While there isn't a direct equivalent word for the pre dawn reddening the closest literal translation would be The Reddening Dawn but to capture the dramatic tone I rendered this The Scarlet Daybreak Nietzsche is speaking here of a hope for his own dawn out of the nihilism he was born into *seine eigene Morgenröte* In his initial declaration of war against Metaphysics in *Human All too Human* Nietzsche writes the will is ashamed of the intellect This initial foray into Schopenhauer's philosophy of the force of the will finally manifest itself as the *Willen zur Macht* here in The Scarlet Daybreak Through this lens he takes on the whole of Christianity and the Judeo Christian moral continuum He considers religious experience particularly Christianity as a psychopathological phenomenon an idea he articulates in every single one of his works His perspective shifts from a Darwinian Historical in *Human All too Human* to a more phenomenological psychological approach here in The Scarlet Daybreak

*Bilingual New Testament I - The Holy Gospel* George Valsamis, 2018-06-11 The Greek original text according to the Ecumenical Patriarchate of Constantinople and the King James English translation are published here side by side in facing pages co operating for an edition that celebrates the original text of the New Testament helping those who try to study learn and enjoy this so important ancient and modern language Contrary to Elpenor's Greek New Testament this bilingual edition uses a smaller font size in order to avoid expanding beyond the limit of two convenient volumes I am always impressed by the love for Greek shared by so many people especially in the US and Europe I hope this edition contributes something of real value to their joyous efforts Official page [www.elpenor.org](http://www.elpenor.org)
