Varona, 2014-05-06 Based on a solid foundation of the healing properties of good nutrition this book empowers readers with the information they need to make the best choices and to gain control over their total health and well being physical emotional and spiritual While addressing the specific needs of those with a diagnosis of cancer Varona explores the key factors that science and experience have shown to influence the path of prevention and recovery Grounded in documented research from leading medical institutions along with studies of the world's healthiest populations nutrition educator Verne Varona has developed a breakthrough nutritional and lifestyle programme for immunity building and cancer prevention and recovery This book provides detailed diet and lifestyle modifications that will reinforce the body's immunity and reduce cell damage to an absolute minimum While the bulk of this book is devoted to physical nutrition eating the right foods is not the whole picture No matter what course of treatment a patient may choose clinical research and anecdotal testimony have shown that those who have embraced a range of self healing choices not only see a positive impact on their physical and psychological well being but inevitably enhance their chances of survival The most influential of these choices are life purpose positive attitude managing stress sense of humor love and social support emotional expression and faith Along with good nutrition a healthy lifestyle and physical exercise these choices contribute to a more comprehensive and complete healing *Education of Cancer Healing Vol. VIII - Martyrs* Peter Havasi, *Treating Cancer with Herbs* Michael

Tierra, 2003 Cancer is the scourge of our age More than any other disease cancer has captured our fears and projected despair throughout society Our bodies have become the experimental real life testing grounds for countless chemical toxins pollutants refined foods and stresses These toxins are clearly exerting their effect in the rise of numerous forms of cancer striking every part of our bodies The medical profession is attempting to attack these cancers with every available form of chemical radiation and invasive surgery While modern medicine has long recognized the healing potential of herbs some of the most commonly used cancer medicines were originally developed from herbs we have been indoctrinated to believe that

surgery radiation and chemical therapies are the only successful procedures even though they tend to fail much of the time and may actually destroy the quality of life to such a degree that many believe the cure is worse than the disease There is another approach to the treatment of cancer Finding cancer's root causes and applying a holistic understanding of lifestyle diet stress reduction and appropriate nutritional and herbal support can strengthen the body and its immune system restore the spirit and balance the psyche of the cancer patient With this integrative approach a healthy mental and emotional balance joins a healthy approach to life to truly treat cancer Not every cancer patient is cured but every patient is brought to a state of understanding which in many cases leads to what appear to be miraculous remissions In other cases it allows the individual to experience a quality of life and passing uncommon in our society the ability to face life and death with dignity and a sense of completion Book jacket
