Antidiscrimination Law And Social Equality:

Antidiscrimination Law and Social Equality Andrew Koppelman, 1998-09-10 Arguing that although it is not the role of a liberal state to shape its citizens beliefs this work suggests that a moral code for the prevention of discrimination is needed The text responds to objections to discrimination law from liberal theory and outlines the moral principles it posits

This revised and updated casebook comprehensively compares the U S legal approach to problems of inequality and discrimination with the approaches of a variety of other legal systems around the world *Equality* François Levräu, Noel Clycq, 2020-10-19 Equality as an ideal has a long history and while some progress has obviously been made the persistence of certain inequalities is remarkable In order to draw a detailed picture of equality s nature value relevance and scope this book provides a multidisciplinary analysis Using a classic three part framework the book looks at the macro level broader systemic historical conceptual societal and European level the meso level concrete social institutions such as the labour market and the welfare state and the micro level of the individuals and their relations and thoughts about equality psychological reactions cultural depictions and sociological analyses The chapters not only provide an overview of the state of equality but also identify promising areas of future research and will be of interest to students and scholars across a number of fields including European studies history law political philosophy psychology sociology and economics Law and Social Norms

Eric Posner, 2009-07-01 What is the role of law in a society in which order is maintained mostly through social norms trust and nonlegal sanctions Eric Posner argues that social norms are sometimes desirable yet sometimes odious and that the law is critical to enhancing good social norms and undermining bad ones But he also argues that the proper regulation of social norms is a delicate and complex task and that current understanding of social norms is inadequate for guiding judges and lawmakers What is needed and what this book offers is a model of the relationship between law and social norms The model shows that people s concern with establishing cooperative relationships leads them to engage in certain kinds of imitative behavior The resulting behavioral patterns are called social norms Posner applies the model to several areas of law that involve the regulation of social norms including laws governing gift giving and nonprofit organizations family law criminal law laws governing speech voting and discrimination and contract law Among the engaging questions posed are Would the legalization of gay marriage harm traditional married couples Is it beneficial to shame criminals Why should the law reward those who make charitable contributions Would people vote more if non voters were penalized The author approaches these questions using the tools of game theory but his arguments are simply stated and make no technical demands on the reader

Annual of German and European Law Russell A. Miller, Peer Zumbansen, 2004 Complementing the highly successful

online German Law Journal this new publication aims to deepen and develop some of the issues discussed in the Journal as well as to take up new questions and directions of commentary Focusing on pressing legal questions of socio political relevance it offers scholarly articles reports book reviews and selected statutes or court decisions in English translation in all fields of German and European Law The main objective is to offer border transcending and interdisciplinary research into fast moving areas of the law often involving a complex array of institutional political and private actors

Nordic Equality and Anti-Discrimination Laws in the Throes of Change Anne Hellum, Ingunn Ikdahl, Vibeke Strand, Eva-Maria Svensson, 2023-08-18 The Nordic states were among the first in the world to enact general gender equality and anti discrimination laws with low threshold enforcement mechanisms Today the Nordic countries top the World Economic Forum s Gender Gap Index but they have still not succeeded in closing the gender gap This book draws a diverse and complex picture of the long uneven and unfinished process towards substantive equality in four Nordic countries Sweden Finland Norway and Iceland It presents the Nordic gender equality model s systematic use of three measures overarching gender policies legislation that has an explicit or implicit impact on gender relations and gender equality and anti discrimination laws with low threshold enforcement systems What potentials and limitations do the Nordic gender equality and anti discrimination law regimes have to combat individual discrimination and structural inequality Can these regimes function as a driver of political legal economic cultural and social change and as a corrective to laws policies and practices that uphold existing inequalities and if so to what extent Can weaknesses in the equality and anti discrimination laws and the way they are enforced hamper efforts to close remaining gender gaps Rather than looking at the Nordic gender equality laws and policies in isolation the book situates their development and transformative potential within a changing European and international political and legal landscape

Equality and Anti-Discrimination Liu Xiaonan, Wang Liwan, 2021-11-01 In Equality and Anti Discrimination The Road to Equal Rights in China Professors Liu Xiaonan and Wang Liwan collect experienced scholars in the field of anti discrimination law to conduct deep discussions on the manifestations causes and solutions of discrimination issues in China Since the reform and opening up in China the market economy and civil society have developed However many economic and social discriminations have also emerged and caused widespread social contradictions and legal dilemmas In this book equality rights and discrimination issues are investigated in a panoramic way from the perspective of law and insightful suggestions are made The authors believe that anti discrimination research and actions in the field of Chinese law are carried out simultaneously with political changes and economic development In this process experts and scholars public media research institutions and non governmental organizations play important roles The awakening of civil rights awareness and the emergence of rights protection actions for vulnerable groups are the sources of anti discrimination research and actions in the field of law

Vulnerable Minds Liya Yu, 2022-08-16 Neuroscience research has raised a troubling possibility Could the tendency to stigmatize others be innate Some evidence suggests that the brain is prone to in group and out group classifications with consequences from ordinary blind spots to full scale dehumanization Many are inclined to reject the argument that racism and discrimination could have a cognitive basis Yet if we are all vulnerable to thinking in exclusionary ways if everyone from the most ardent social justice advocates to bigots and xenophobes has mental patterns and structures in common could this shared flaw open new prospects for political rapprochement Liya Yu develops a novel political framework that builds on neuroscientific discoveries to rethink the social contract She argues that our political selves should be understood in terms of our shared social capacities especially our everyday exclusionary tendencies Yu contends that cognitive dehumanization is the most crucial disruptor of cooperation and solidarity and liberal values based discourse is inadequate against it She advances a new neuropolitical language of persuasion that refrains from moralizing or shaming and instead appeals to shared neurobiological vulnerabilities Offering practical strategies to address those we disagree with most strongly *Vulnerable Minds* provides timely guidance on meeting the challenge of including and humanizing others
